National Newspaper Week – October 1 - 8, 1948

24 PAGES — SECTION ONE

Oldest in Canyon

The Canyon News is the oldest business institution in Canyon. It has been serving the community well since 1896.

The Canyon News

The News Wins

The Canyon News was judged the outstanding weekly newspaper in Texas in 1942; and an outstanding weekly paper in the nation in 1943.

Fifty-Third Year | Scenic Center of Northwest Texas | Canyon, Texas, Thursday, October 7, 1948 | Home of West Texas State College | Number 32

"You Shall Know The Truth and The Truth Shall Make You Free"

The Connecting Link of Your Community

An Unhampered Press

THOSE who publish and produce your newspaper are fully conscious of the burden of responsibility that they bear in searching out, interpreting, and delivering to you, news of the world, your nation, your state and your community. News is knowledge and knowledge makes men free! No price is too great for them to pay to maintain the Freedom of the Press, without which the delivery of news quickly, honestly and fearlessly would be impossible. The cost to you is trifling, but profoundly important. Paying pennies for a paper is but one way for you to support the shining light of freedom: the other, is to realize that without NEWS told TRUTHFULLY, you too would live in darkness. To know the true value of your newspaper, you must realize its meaning to the democratic way of life. Those engaged in the newspaper profession have dedicated their lives to the idea that all citizens shall know the TRUTH, and that their newspapers shall always print the TRUTH.

Dedicated To a Free Press

God Bless America, Land that I love,
Stand beside her and guide her
Through the night with a light from above.

From the mountains to the prairies,
To the oceans white with foam,
God Bless America, my Home Sweet Home.

The News Is a Definite Asset and Resource In Canyon

Representing a heavy investment to the owners, and with book value assets running into thousands of dollars, The Canyon News and the Warwick Printing Company are one of Canyon's largest assets.

This firm is a heavy taxpayer, spends thousands of dollars for materials, postage, insurance, lights, power, gas, freight, etc., each year.

A staff of experienced newspaper people are employed in addition to 20 correspondents who are paid regular compensation. More than 40 people are directly interested each week in the production of this newspaper. Every person interested in The Canyon News, spends his money among the business firms of Canyon. Every person connected with The News believes in Canyon and the future of the city.

For 53 years this institution has been working for the upbuilding of Randall county; this newspaper has always been a real asset and resource to the business interests of the community.

THINK Supposing There Wasn't A Newspaper in Canyon

TO THE SCHOOLS-----

Who would publish the volumes of school items which are important to us, but would be drab and uninteresting to others outside the community. Who would advance and discuss school problems only of interest to the people of the Canyon community?

TO THE CHURCHES-----

Who would publish the weekly church notices and numberless church articles only of local interest?

TO THE TAXPAYERS-----

Where else can you keep in touch with expenditures of your money, being made in the county, town and school districts? Of course, the law provides for posting notices giving certain of these facts in towns where no newspaper is published; but how many of you would find time to go to a bulletin board to read them?

TO THE ADVERTISERS-----

Who would advertise the products you have to sell and the services you have to promote? Others have tried to get away without advertising and eventually found the sheriff waiting at the door. Yes, you could use other methods of advertising; but you will find none so effective, because there's no other advertising medium which your potential customers receive because they want it and pay for it.

TO CLUBS AND SOCIETIES-----

Who would publish accounts of these meetings which are so necessary to maintain interest and good will?

TO THE READERS-----

It is to you the paper means most of all. Where else could you get the full picture of our community life—our joys, our sorrows, our activities, our progress, our pleasures, our social and religious life?

THERE IS NOTHING TO TAKE THE PLACE OF YOUR HOME TOWN NEWSPAPER!

IN CANYON AND RANDALL COUNTY IT IS

The Canyon News

STRONG HAND of the LAW

Society has placed in the hands of its honored judges and police officers the power on which we all must lean for protection and for aid in the interest of security and peace and justice. Back of every man who represents law and order is the authority and the social idealism of the group as a whole. You and I and one hundred and forty million people speak in the voice of the Judge on the Bench; we walk with the Guardian of the Peace as he covers his beat along the city streets.

The Strong Hand of the Law is a symbol of justice, assuring every woman and every man that he has rights before the Law and that he will be heard; he cannot be deprived of property or freedom or peace without due process of law.

The Strong Hand of the Law assures society that it will be protected from vicious and lawless men, that our homes shall be our castles and that we may walk at large without fear of being molested. Life, liberty, and the pursuit of happiness are our heritage in a free country.

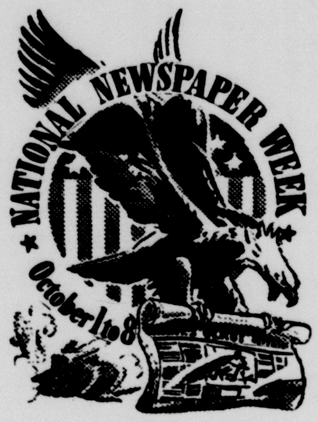

The Strong Hand of the Law comes to our aid when we have failed to live up to our American privileges. When we become a menace to others, the Law saves us from doing the harm for which we should always be sorry. When we have failed to correct and discipline our children and they have gotten out of control, the Law comes to assist us in checking their wrong-doing. Our Courts are increasingly concerned to help us make improvement, rather than to punish us when we go wrong. It was because of this that the Great Apostle insisted that the *Powers That Be* are ordained of God. *The Strong Hand of the Law* is assistant to the Divine Ruler in making a good world of men. Shall we not teach our children respect and honor for the Law? Shall we help them to revere rather than to be afraid of these helpers toward the common good?

The News Has Modern Equipment Far In Excess of Today's Needs

The News is noted for the splendid building that is owned, and the superior equipment which is possessed by the newspaper and printing departments. All of the equipment is modern, and is kept in first class repair, ready for service to the patrons. New machinery and printing type are added annually to keep the plant at the highest point of efficiency.

The plant is composed of two Linotypes; an Optimus cylinder press—the finest of its type that is made; two job printing presses, one a Little Giant automatic; a book folder; a newspaper folder; power cutter; power stitcher; punch; perforator; eight cabinets of type with scores of new type faces; and all other kinds of equipment that is needed.

The plant is sufficiently large to produce a daily newspaper when the time arrives to warrant the publication of a daily.

No printing job is too small to merit the attention of this plant; few jobs are too large to be successfully handled here.

Much of the profit of this business is reinvested in this plant in order that we may be of greater service to the people of the community.

The News Is the Most Economical and Effective Advertising Medium

Whether it be for the farmer who has a few head of stock for sale, or some farm implement of which he wishes to dispose; the city property owner who has something to sell or rent; the professional man who wishes to keep his name before the public; or the merchants of Randall county who wish to reach ALL the people every week with merchandising messages, The Canyon News offers the best medium.

The News goes into the homes of Randall county upon invitation of the home owners who do the buying; and it is read by every member of the family, because The News prints the weekly news of the county in which each and every member of the family is interested.

It is the policy of The News to give the maximum of co-operation, circulation and reader interest to its advertisers at as low a rate as possible. This has resulted in a wide volume of business and in universal satisfaction to those who advertise in The Canyon News regularly.

The Canyon News provides the best and most economical medium available in Randall county.

A FREE PEOPLE --- A FREE PRESS

THE AMERICAN PEOPLE ARE NOT DUMB

We Americans have never, in the dictionary sense, been dumb. We are extremely vocal. When we don't like something, we say so. We tell our neighbor, we wire our Congerssman and, probably most significant, we write a letter to our newspaper—a good many million of us every year.

We are not dumb. We have never lost the use of our vocal chords. We know we're in the driver's seat, we know we run the country. We're awfully cranky and when something displeases us, we're quick to tell the world. That's why we get things done.

In the good old U. S. A. slang sense, we Americans aren't dumb either. We know that the right to express ourselves didn't just happen. It was fought for. It was paid for in tears and in blood and we have guarded it jealously through the years.

We are not dumb. We know that our precious freedoms and liberties, the right to think, vote, travel, earn and worship as we please, are safe only so long as we please, through our newspapers. We know that of all our freedoms, the freedom of the press is the most important. We know that it guards every other liberty and that without it we would live in darkness, a prey to any demagogue's whim.

We Americans are not dumb. As long as we value our rights and our liberties we shall steadfastly resist any attempt by private interests or public authority to encroach upon our free newspapers. For the right to read is the right to know—to be informed. Because all our other rights depend on it, it is the one right most worth defending.

Body of Soldier Killed in Italy Returns Friday

HOWARD CLINTON HUTCHISON

Funeral service for Pvt. Howard Clinton Hutchison, 24, will be held at the Methodist Church Friday afternoon at 3 o'clock, with Rev. Hubert Thomson in charge.

Pvt. Hutchison was a member of Company F when it left Canyon in January, 1940. He was killed in action in December, 1943, in Italy, being the second Randall county boy to be reported killed in action. The 36th Division, of which Co. F was a part landed in North Africa for training, and withstood the brunt of the landing attack at Salerno, Italy.

He is survived by his parents, Mr. and Mrs. J. C. Hutchison; two brothers, John and Chas., who was in the Pacific when word was received of his death; five sisters, Laverne, Juanita and Betty Jean, all of Canyon, Mrs. Helen Ham and Mrs. Joan Hicks, both of Amarillo.

Active and honorary pall bearers will be: Joe Prichard, O. A. McBroom, Jack Parsons, Bob Parsons, Douglas Brasuel, Frank Hollabaugh, Joe Gill, H. B. Owens, John McNeil, Wayne McNeil, Jess Beweley, Jeff Wallace, Buddy Carver.

Police Escort of "Axis Sally" Visits Harts

First Lieutenant Frank Daves, who has just recently arrived in America as police-pilot escort of "Axis Sally" on her return to America for trial, visited in the home of Mr. and Mrs. Silas Hart Friday.

Lt. Davis was the roommate of Capt. Fred Hart during the time that Capt. Hart was stationed at Wiesbaden, Germany.

During recent weeks Lt. Davis has been flying food into Berlin on regular runs. He was assigned to pilot the plane that brought "Axis Sally" home.

Since arriving in the United States he has been reassigned to Williams Field, Proenix, Arizona, and was enroute there when he stopped to visit in the Hart home. He will return to Washington for the trial of "Axis Sally" late in November.

P. T. A. Holds First Meeting On Thursday

The Parents and Teachers Association of Canyon Public Schools will hold its first meeting at the High School Cafeteria on Thursday afternoon, October 7, at 3 o'clock.

This meeting will be a general get acquainted meeting with a social hour following. The theme of the afternoon's program will be "Evaluation of the Home."

A nursery will be provided for preschool children in order that mothers of all age children may come and enjoy the meeting.

Everyone is cordially invited to attend.

Funeral For Pvt. Benino Hernandez Held in Amarillo

The body of Pvt. Benino Herandez, 22, was received in Amarillo Thursday and the funeral services were held at the Catholic Church in Amarillo Friday afternoon.

Hernandez was killed in Belgium November, 1944. He was accepted in the army in January, 1943.

Surviving are the parents, Mr. and Mrs. Rosalino Hernandez, five brothers and three sisters.

Mr. and Mrs. W. W. Williams of Weatherford are visiting at the home of their daughter, Mrs. Monroe Henson.

Vocational Talk on Newspapers Is Given at Rotary

Clyde Warwick gave a classification talk Tuesday on newspapers at the luncheon of the Rotary Club.

Printing started when man first recorded his thoughts by means of pictures on stones. When movable type came into existence, printing really got underway.

The first volume of the Canyon News which was produced under the direction of the speaker as compared with the volume of last year showing a volume growth of apporximately 400%.

Regardless of when or how the newspaper is produced, it is still the record of the community in which it is published.

Newspapers reflect the personalities of the publishers. While all are produced under the same conditions, all are different.

If schools of journalism do no more than teach young folks how to write an intelligent article for public print, they are performing a good mission.

The speaker believes that the radio has put the newspapers on their toes, but have accomplished little else. They are not filling the needs of the people on news.

A comparison was made of the London Times and American newspapers. A copy of the Times was examined with interest by members of the club.

The daily newspaper is becoming more and more a local newspaper, just like the weekly.

The Canyon News has several distinctive characteristics, in its observance of Newspaper Week; number of pictures of local people; its number of country correspondents; having started a school page 23 years ago and published it regularly; the large number of local advertisers; the low rates that it has maintained; being selected as the only newspaper in "Editing the Day's News"; and employment of college boys.

The newspaper has been a distinct adjunct to all progressive movements of its community, and stands for those local enterprises which upbuild a community.

"After 38 years in Canyon, I hope I shall be privileged to live to be a hundred years old and work in this community," commented the speaker.

J. E. Miller, principal of the Canyon high school was introduced as a new member of the club.

Viistors were: Wm. L. Wilson of Canyon; J. C. Ricketts of Hereford; J. E. Bowman, A. D. Foreman, Arch Hunsley of Amarillo, Bob Coltharp of Austin.

Lyndon Johnson Gets Name on Texas Ballots

The name of Lyndon Johnson was ordered on the official ballots of Texas Friday by Secretary of State Brown. He wired all county judges to have Johnson's name printed on the ballots.

Judge Davidson, who issued an injunction against Johnson and ordered the federal investigation of votes in South Texas, has continued the case, but announced no findings of his two investigators. The injunction was set aside by Justice Hugo Black of the Supreme Court.

The Supreme Court met in Washington Monday, heard the pleadings on the case but ruled that Black's decision was final.

Since the ballots must be printed ready for absentee voting to start on Oct. 12, no action may now be taken which could keep the name of Johnson off the ticket.

Jack Conatser Is Gold Star 4-H Club Winner

Jack Conatser, son of Mr. and Mrs. C. V. Conatser, is the Gold Star winner for 1948-49 Randall County 4-H Club, it is announced by Mr. H. E. Shahan and Mr. C. B. Gibson, County Agent and Assistant County Agent. Jack was selected for his outstanding 4-H Club work and completion of projects undertaken.

MARRIAGE LICENCES

O. E. Johnson to Edna Rogers, September 29.

Robert Williams to Betty June St. Clair, October 1.

Maurice L. Van Arsdael to Zelda R. Osborne, October 1.

Wilburn J. Jennings, Jr., to Jolen Hunter, October 3.

Miss Bertie Mae Williams, Mr. and Mrs. J. M. Spencer, Mrs. Nell Jarvis Burton; Miss Martha Nell Burton, Mr. and Mrs. Silas Hart attended the Friendship Night of the Order of the Eastern Star at Plainview Friday night.

Buffs To Tackle Miners Saturday Night at El Paso

It takes more than a loss to dampen the spirits of Coach Frank Kimbrough's West Texas State College football players. It takes more than that and an epidemic of injuries to kill the confidence the Buffaloes have in each other.

Never was a team spirit more forcefully demonstrated than last Saturday night when the Buffaloes lost to the fine North Texas Eagles, a big, fast and clever outfit. Behind 20 to 7 at the start of the second half, the Buffalo partisans who were the vast majority in the crowd of 6,000 couldn't help feeling their favorites were in for a bad mauling.

But the team spirit paid off.

With only four regulars appearing on the line-up for enough time to count, the Buffaloes staved off all other Eagle threats and a couple of times clicked like they might score during the last half.

The final two quarters were scoreless in spite of the Eagles' determined efforts. The Buffalo reserves came through, making a dogged effort to offset the fact of smoothness.

And, Coach Jack Curtice of the College of Mines was in the pressbox along with his assistant, Ben Collins. Next Saturday night in El Paso, the Buffaloes will meet the Miners in a game which the El Pasoans have been pointing for since last year when West Texas upset them 14 to 0 in Canyon.

Curtice admitted the Miners have been pointing for the Buffaloes. He said he was impressed by the toughness of the West Texas reserves, and, "we'll work harder than we planned now. Those Buffaloes never quit."

Coach Frank Kimbrough didn't even stop to count noses when he called the Buffaloes back to the practice field Monday afternoon. He started right in practicing with what he had and with only one thought in mind. Let the fans rehash with ifs and ands and buts last week's game. The Buffaloes will take the schedule game by game, and the next game is against the Miners.

The Miners game will be a Border Conference contest, and the Buffaloes aren't going to give up any chance to improve their conference standing without a struggle.

However, as things stack up, the Miners ought to be favored plenty to beat the Buffaloes. Eddie Conner, halfback; Cloyce Box ,quarterback; Lloyd Johnson, fullback, and Marvin Bowman, left end, are on the injured list. Conner is definitely out with a bad shoulder hurt in the North Texas game. Box may not recover from a charley horse which kept him out of the last two quarters last week. Neither Johnson nor Bowman played against North Texas.

On the bright side, Harold Dalton, regular left guard who has not started a game this season, made a couple of appearances in the game last week, and may be able to play against the Miners.

At any rate, there is no moaning, and groaning as the Buffs go about getting ready for the Miners. "We'll be there with a team," was Kimbrough's only comment on how he felt about the coming contest.

And, that's just about an ironclad guarantee the game will be a spectacle to see. For, even in defeat the Buffs looked great last week. And, they are going to try their level best to look better next Saturday.

Stork Specials

Born to Mr. and Mrs. Bill Wilson, a son, on September 29.

A daughter was born to Mr. and Mrs. Jack Priddy on September 30.

Mr. and Mrs. Ed Wieck are the parents of a son, born on October 2.

Many Citizens From Randall County Are Attending Fair

The big Tri-State Fair at Amarillo is on this week, and practically all of Randall county's population will attend the fair some time during the week.

While Tuesday was the official Randall county Day, many people are attending the show daily.

Dan K. Usery has been confined to his home this week by a severe cold. He took the summer off from his work at the News office, and had been back on the job for a month before contracting the cold.

Mrs. R. D. Lowry is at home after having spent two weeks in the hospital at Temple where she underwent an operation.

Arthur Bailey Duncan, III, who is a student at S.M.U., Dallas, spent the week end in the parental A. B. Duncan home.

Mrs. J. P. Hammons Died Sunday Night at Family Home

Mrs. Bessie Fern Hammons, 53, died Sunday night at 11:45 o'clock at the family home.

The body was in charge of the Griggs-Warren Funeral Home and was taken to San Jon, N. M., Wednesday for interment.

Survivors are: the husband, J. P. Hammons; five sons, Oiley Hammons of Albany, Calif., Troy of the U. S. Army, Owen of Ft. Collins, Colo., Crosby of Eastland, Don of Canyon; two daughters, Mrs. Thelma Crandle of Olympia, Wsh., and Mrs. Floye Richards of Canyon.

Bradford Black Had Car Badly Damaged

While returning to Dallas last week, Bradford Black crashed into a pickup which suddenly stopped on the pavement in front of him without signalling. Bradford's car plowed into the rear of the pick-up.

The accident happened at Acme.

Mr. and Mrs. W. C. Black and Bob went to the scene of the accident but found that Bradford had escaped injuries.

Street Sweeper Made Trial Run Square Tuesday

The new street sweeper was given a trial run Tuesday morning around the square. Business firms were highly impressed with the good results obtained, and hoped that the city will be able to buy the sweeper.

The sweeper was unable to remove all of the heavy mud that had stuck to the pavement on its first trial, but the operators hope that this will be removed on the second trial.

Mayor W. A. Warren stated that the sweeper would cost the city $4,000. He believed that it would be a good investment to the business firms and to the residents of Canyon in keeping down dust and dirt from the pavement.

Forgery Case and Damage Suit Are Tried in Court

Jesse R. Robertson was found guilty of forgery by a jury in district court this week and assessed 4½ years in the penitentiary.

C. T. Rogers was tried on a forgery charge, but found not guilty.

In the damage suit of Doyle Lane vs. G. H. Reeves, the plaintiff was awarded $500 in damages to his motorcycle which hit a truck driven by the son of Mr. Reeves.

Judge Henry S. Bishop granted several divorces in court during the week.

Choirs To Present Evening of Music Sunday, Oct. 10

Sunday evening, October 10, at 7:30 there will be an evening of music presented by the combined choirs at the Methodist Church. This combined choir consists of 50 voices.

The program will include quartets, duets, solos, anthems and instrumental numbers.

The public is cordially invited to attend.

To Install Church Officers on Sunday

The officers and teachers in the Church School Department of the First Christian will be installed Sunday morning at the opening exercise of the Church School at 9:45 a.m.

Marion Higdon, newly elected Superintendent of the Church School, will direct the affairs of the department for the new year.

Especially are the teachers and officers urged to attend the District One Convention being held in Borger, Monday, October 11th, with registration from 9 to 10 o'clock a.m.

Mrs. J. C. Curb has returned to her home this week after having undergone another operation on her leg in an Amarillo hospital. She is reported to be doing well.

Mr. and Mrs. J. B. McGraw of Ft. Worth spent the week end in the home of Mr. and Mrs. Allan Farlow.

Operators on the markets who seek to force prices up are called "bulls."

Louis XIV was a member of the Bourbon family.

An interesting and large industry in Nebraska is food processing.

President James P. Cornette Was Presented to the People of Texas Saturday in a Colorful Inauguration Ceremony

Dr. James P. Cornette, third president of West Texas State, was presented to the audience at the administration building Saturday morning, by Judge William S. Kerr of Midland, president of the Board of Regents.

Haley Declined, But Name Certified as Candidate Congress

J. Evetts Haley has been urged by the Republicans of the 18th Congressional district to run for Congress on the Republican ticket. His name has been certified for a place on the ticket.

Mr. Haley issued a statement Friday declining the nomination, but his name was certified yesterday to Judge Burney Slack as a candidate.

Haley was out of town Wednesday and could not be contacted. However he has stated that he will not accept the nomination.

Hospital News

George Bonds, tonsillectomy.

Miss Fayrene Schaeffer, tonsillectomy.

Mrs. O. F. Thomas, medical.

Mrs. Rufus Graves, medical.

Shirley McGehee, medical.

Fae McLean, medical

Johnny Byrd, medical.

Among the out of town relatives and friends who attended the memorial services for Cpl. James (Speedy) Wright on Wednesday afternoon were: Mr. and Mrs. T. V. Slack and daughters of Perryton, Mrs. Slack is the daughter of Mr. and Mrs. Wright; Mrs. C. E. Smith, Pampa, and G. C. Wright, Dodge City, Kansas, brother and sister of Mr. Wright; L. Gooch and Mrs. W. E. Stringer, both of Vernon, brother and sister of Mrs. Wright; Mr. and Mrs. Bill Frick of Pampa; Mr. and Mrs. A. P. Morris and Mrs. A. B. Rook, all of Vernon; Hubert Fowler of Panhandle.

Mrs. H. P. Slagle of Kingsport, Tenn., Mr. and Mrs. J. W. McCormick of Brownston, Ill., and Sgt. Calvin Wallen and wife of Roswell, N. M. are visiting in the home of Mr. and Mrs. E. I. Boyce. Mrs. Slagle, Mrs. McCormick and Mrs. Boyce are sisters. Mr. Wallen is their brother.

N. E. Root returned Monday night from Illinois where he has visited in the home of his daughters. He brought his pictures of corn which is making 100 bushels to the acre.

Mrs. A. M. Biggers returned home last week after having visited for two weeks with her sister, Mrs. T. C. Lively in Roswell, and her daughter, Mrs. H. O. Fogerson in Hobbs, N. M.

Mrs. Ellis Reck of Kansas City visited last week in the home of Mr. and Mrs. Allan Farlow. Mrs. Reck and Mr. Farlow are cousins.

Dr. A. M. Biggers and J. T. Cartrite fished at Eagles Nest last week.

New President of West Texas State Proclaims Spiritual Values As Well As Educational Aims For the College

Dr. James P. Cornette was inaugurated as President of West Texas State Saturday morning when presented to the audience by Judge Wm. L. Kerr, president of the Board of Regents.

Dean D. A. Shirley presided and introduced members of the board of regents, representatives of the various organizations of the state, and representatives of colleges and educational societies throughout the Southwest.

Dr. Cornette expressed his great appreciation at the opportunities to serve youth. He felt humble in his new position, as he outlined his optimism in youth.

The new president outlined the progress which had been made by man as he sought to find his way to a better way of life. Time, in the mind of the creator of the universe, is little. But to man, it seems a long while since this world, with all its wonders came into existence for the glory of man.

The discovery and development of America meant much in the development of the world. A new nation brought new ideals; new opportunities; new challenges.

It was only a few years ago that Col. Goodnight brought his first herd of cattle into the Panhandle to open up a new frontier. It was only a short span of time from the ox cart to the gasoline engine. The old and the new have come so close together in this area that they almost touch. From the pioneer to the modern city is only a short span of time.

Dr. Cornette paid tribute to the West Texas State of 1910 and those who were responsible for its development and its expansion.

Spiritual as well as intellectual development will be the aim of the new administration.

Dr. Cornette stated that his wish for the boys and girls who come here is that they understand the place of man in the universe; to understand the achievements of Democracy; to understand the message of Jesus to understand the beauties of the universe; the lovliness of the things that God has placed here; that right shall prevail; that the home is not just a social institution.

Visitors were entertained at noon at a luncheon at the cafeteria, and a reception at 4 o'clock in honor of Dr. and Mrs. Cornette, visiting presidents and members of the board of regents.

Regent and Mrs. Newton Harrell had given a barbecue for the visitors at their ranch south of Washburn on Friday evening.

Many of the visitors remained for the football game at Buffalo Stadium Saturday night.

Miss Mackie Clark Died Wednesday; Body Is Shapped

Miss Mackie Clark, 83, died Wednesday at the family home. She had lived here for 16 years, and has been sick since 1945.

The body was shipped to Elk City, Okla., by the Griggs- Warren Funeral Home. The funeral service was held at the Funeral Home, conducted by Rev. Bowman.

Survivors are one brother, Roscoe Clark, and a nephew, Bob Clark. Another brother, G. H. Clark, died a month ago.

Former Pastor Here For Revival Meeting

Earl L. Craig of Colorado City, former minister of the Church of Christ, has returned to Canyon for a series of gospel meetings.

He is preaching twice daily, at 10:30 a.m. and 7:30 p.m.

The singing is under the direction of Olin L. Huff of Canyon.

The public is invited to these services.

Rev. and Mrs. G. R. Slagle of Dallas visited over the week end in the home of their son and family, Mr. and Mrs. M. W. Slagle and daughter, Jennifer Michale. Rev. Slagle christened his granddaughter at the Methdosit Church Sunday night.

Gold Star Girl of 1948 4-H Is Anita Ruthhardt

Anita Ruthhardt of the Zita 4-H Club has been named Gold Star Girl for the year. She has been a 4-H member for four years, and was chosen by her club to compete for this honor.

Anita was introduced to the home demonstration council Saturday by Mrs. Fred Marshall who headed the judging committee. Anita wore the dress she made and modeled in the county dress review in July. She had an excellent display of clothes to show the judges as well as a splendid record for meal planning and preparation and general housekeeping activities.

She will receive the Gold Star pin from A. and M. College Extension Service and will be eligible to attend the state 4-H Round-Up in College Station next summer.

EDITORIAL COMMENTS

The State Board of Control has always been a source of grievance to all who have any business with the group. This board buys nearly all materials used by all state institutions. This board has just one policy: What is the cheapest price? It makes no difference what the quality may be, just so the price is cheap. We have in mind a windmill which was recently erected by the Texas State Parks Board to supplement the water supply at the Palo Duro State Park. We are told that the Board of Control paid within a few dollars of a standard made windmill, but had delivered to it an off-breed mill which has not been handled in this territory for years, and for which repairs are not available. We are told that the mill had no grease cups as are found on the standard machines, and in all probability will blow to pieces in the first high wind. We have heard many complaints of the antics of the Board of Control in recent years. As a matter of fact we have been offered "contracts" for printing. About 18 years ago we were saps enough to take these contracts, but brother, never, never again. When we are willing to give our products away, we shall start at home, and not with some state institution.

Whenever and wherever good Democrats meet and get to talking politics, they throw up their hats and yell for Roosevelt. Yet this same group forgets that Roosevelt was never a strict party man. He fought for Senator George Norris, the Republican from Nebraska; he supported Republican LaGuardia of New York; and never would have been elected President of the United States without Republican votes. Yet narrow minded Democratic leaders in Texas seek to put the brass collar on Texas Democrats, a state which have only once gone Republican. These so-called big shots tell the voters that they are outlaws if they do not vote for Truman in November. Texas went Republican for Hoover, simply because Al Smith was a Catholic, and not because he was wet, as the excuse now is. Roosevelt was as wet as Smith ever dared to be. We get our politics all mixed up when we try to put the brass collar around the neck of any Democrat and tell them that they must vote the ticket straight, or else.

A few months ago a group of Panhandle citizens called upon Governor Jester and asked that a Panhandle man be appointed on the Texas State Parks Board. There was a vacancy on the board. The Palo Duro State Park is the largest park in the state and has wonderful possibilities. The Governor hedged by saying that the Panhandle had more appointees on state boards than our population justified. Now comes the joke of his argument: Fred Minor, our old legislative friend, resigned as chairman of the State Liquor Board. What did the Governor do? Was he mindful of the fanciful yarn he told Panhandle citizens a few months ago? Hardly! He has appointed Jack Little of Amarillo, a former legislator from this district on the liquor board. And the Palo Duro Park is still without representation in Texas, except for the friendly interest taken by a group of interested citizens who act as an Advisory Committee, without authority or much attention from state authorities.

President James P. Cornette has made a decidedly good impression upon the people of the Panhandle since he arrived at West Texas State in January. There is not a single individual in this vast area who does not wish the new president the best of luck and a long and successful administration. His work is well underway. His training is such that he has all of the qualifications necessary for the position to which he has been entrusted. In taking over the administration of West Texas State, he has the best wishes of the man who guided the destiny of the institution through 30 years of many trials—Dr. J. A. Hill. The future looks bright. The plant is the best in its history. The student body is the largest. The enthusiasm for the college is great among the people of the Panhandle. Best wishes, and good luck, President Cornette.

Lyndon Johnson's name goes on the November election ballots, unless something unforeseen happens. The federal investigators were forced to call off their hearings, by order of Justice Hugo Black. It seems that a lot of people remember Hugo Black, and his record of getting mixed up with the klan before he was finally seated on the Supreme Court. It would seem that Black was very anxious to see his former new deal ally seated, and set aside the ruling of Judge Davidson, after the Circuit Court, next in authority over Davidson, refused to take a hand. We are still wondering if one member of the United States Supreme Court can thwart the will of a majority of the voters of Texas? That is, if 200 ballots were stuffed into the ballot box in Jim Webb county in order to put Johnson over.

Scientists complain that since every one who has worked on the atomic bomb is now under suspicion that most of these scientists are getting out of the government service. They do not wish to be molested. Atomic power has been known to exist for years and years, and its application was only developed during the war. Scientists are seeking new uses and new processes. Because of this common knowledge among scientists, perhaps some of them talked out of turn to Russian spies during and since the war. Regardless of this or that, why should a friendly nation, with friendly intentions be spying upon its friends, who were doing everything possible to help it win a war?

We are especially interested in the approval on November 2 of the second constitutional amendment which the voter will find on his ballot. It provides for a method of redistricting the state every ten years if the legislature refuses to do its constitutional duty. The average representative district in East Texas has about 6,000 voters, while the average district in West Texas and South Texas has about 20,000 voters. East Texas has refused to re-district, knowing that it would lose the balance of power in the legislature. Maybe the new amendment will not get the job done, but it would be better than the present method of refusing to do anything.

We were told by a scientist the other day that if Russia has an atomic bomb, she had never exploded one of them. The radio activity is so great from one of these bombs that an explosion is recorded in every part of the earth. America has scientists at work in every part of the globe. Yet Russia says she has the bomb. Whether it is useful or useless is another thing.

We see where Lyndon gained another 466 block of votes. If they keep "finding" votes for Lyndon, he should have a very respectable majority in a few more weeks.

Here comes five more who say they read this column and want it continued. How can a fellow turn down well-wishing friends?

Ninth Annual National Newspaper Week Oct. 1-8

This is 9th Annual Newspaper Week, October 1-8, 1948.

For six years The Canyon News was the only newspaper in this area which devoted a special section of its weekly edition to this national event. During the first five years we published a 12-page edition upon this annual occasion. When the war came, with news print and help shortages, we were forced to drop down to smaller sections.

The labor situation is almost as critical as it was during the war, but we are managing to get along better, thanks to students of West Texas State who are interested in the printing profession.

Like all other newspapers, the paper situation is as bad, if not worse than it was during the war. We are on a strict allotment of paper. But we have been planning to develop this 8-page section for some time, and have saved enough print paper to bring you this message on Newspaper Week.

Our devotion in the future of weekly newspapers is stronger today that ever before. We have never been shaken in our faith for the press by the various and sundry predictions which have been made from time to time that the country press was about to fold up and pass out of the picture. So long as the press is alive and alert it will continue to grow.

During this National Newspaper Week we urge you to take time out to rediscover what your newspaper means to you and your community. If you don't think it is a very close part of your life, try this simple experiment; when your paper comes just set it aside and see how long you can refrain from reading it.

This newspaper class by Louis Taylor Merrill tells why the home town newspapers are so close to the hearts and minds of their readers:

FILES ON PARADE

In the boundless vast
Of things that were,
Out of the past
The echoes stir
And live once more
Where the presses roar.
Who says that a paper can't feel and think?
Yellowed pages, ancient ink
Volumes dusty and touched with mold—
Yet how much of the life of the town they hold.
Star-aimed faiths of the men who dreamed,
And hoped, and strove and surmounted trails—
All set forth in the musty files—
Accounts of the times when the "eagle screamed,"
Accounts of days when the town's heart bled
Solemnly mourning heroic dead,
Stories in triumph and stories of pain
Days of sunshine and of rain,
Witty lines and commonplaces,
Old friends' half forgotten faces,
Birth for youth, and death for age—
Tidings that make folk weep or laugh
Borne in column or paragraph
Marching across the weekly page.
Who says that a paper can't feel and think
Yellowed sheets and ancient ink,
Volumes dusty and touched with mold—
Yet how much of the life of the town they hold!

The government is reported getting set to work over black market operators in the automobile business. It is reported that there are plenty of new cars on the used car lots of America to almost fill the present needs of the nation. It is stated from Wall Street that used car dealers are getting uneasy and are cutting their absurd prices in order to clean up before the show down comes. We have certainly made a mess of black market operations in this fair land of ours. But no one is to blame except the people, those who are willing to pay a big bonus in order to ride in a shiny new car.

The Republicans of this district have been shelling the woods trying to get a candidate out against Congressman Eugene Worley. After trying several Republicans they centered their fire on J. Evetts Haley of Canyon. Haley is a well known scrapper, and if he entered a political campaign he would tear the hair of his opponent in great handsful. He has rejected the offer of the Republicans, so Worley will be re-elected without opposition.

General Eisenhower told both Roosevelt and Truman that they could not split up Berlin authority and make it work. But they went ahead with the present plan, and what a mess we are in! Back in those days we were giving Stalin all he wanted in order to keep him in the war. In the light of what has happened, you can imagine the Russians pulling out before Hitler was whipped!

We listened with a great deal of interest to Jack Porter speaking as a candidate for U.S. Senator on the Republican ticket. He was a Democrat until 1940 when he turned Republican, because he could not swallow the raw new deal. He is reported to be a very fine business man in Houston. Unless he gets out and makes a very hard campaign he will stand little chance in Texas.

While everyone cusses Russia and the stubborn way her envoys act in Paris, the only thing we can do about Russia is to get as tough as she is. But when the Russian leaders lie to her people, and keep the rank and file in the dark as to what is going on outside the Iron curtain, just how much chance do we have to tell the rank and file of Russia what we mean and what we wish for them?

We are mighty glad to see that Governor Dewey joined President Truman in denouncing the actions of the Russian government. It is stated that John Foster Dulles will be Secretary of State if Dewey is elected. This would mean no change in foreign policy, unless Dewey became tougher, and would stand by his policy firmer than Truman has in the past.

Texans should be advised to keep up with the date on their driver's license. These licenses expire every two yars. Applications must be mailed on forms which are available at the sheriff's office before the license expires. A large part of the licenses in Randall county will expire during October.

If Truman and Dewey are as terribly bad as each is trying to make the other out, neither should be president. But who is willing to turn it over to Henry? No wonder Russians are confused with our politics.

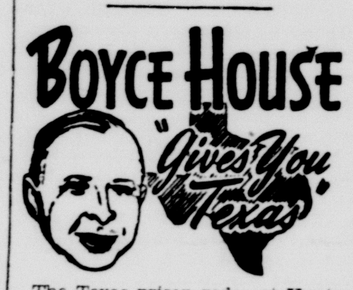

Flood Control Only at Source Is Successful

Outdoors News Bulletin, which is published by the Wildlife Management Institute, recently had this to say on the subject of floods: "If floods are to be stopped, they must be stopped at their source. Floods usually occur when spring cloudbursts strike snow-covered hillsides denuded by overgrazing, fire, unwise timbering operations, or agricultural activities on steep slopes. They still may be stopped if the valley farms are managed so as to capture the water and hold it on the land instead of letting it rush across fields and into the streams, carrying with it the vital elements of the soil and the soil itself. . . . Small dams below the watershed farms may check some of the volume of water, but the silt carried from the land soon will fill the artificial lakes behind them. The same thing occurs, multiplied many fold, as silt and debris-filled waters pile up behind big main-stream dams. . . .

"Flood control has been used too often as an excuse for spending billions of the taxpayers' dollars for power projects. . . . America has only a small need for more flood control; it has a crying need for flood prevention."

Official government surveys show that by far the greatest amount of flood damage is done to farm land on the headwaters of streams—and that only a small part is done along the main streams. The big main-stream dams, which have been sold to the taxpayers on the theory that they would prevent floods and conserve the land as well as produce power, are thus largely useless. In many cases, notably in the TVA region, the enormous lakes built up behind them have permanently flooded far more good land than they can possibly protect.

The prevention of floods is necessary to this continent's future. And the largest part of the job can be achieved by proven farming practices which will keep the water on the land.

The Texas prison rodeo at Huntsville, the only rodeo of its kind in the world, has gained national and even international renown—but your columnist acknowledges he has never seen it.

But I won't have to make that admission much longer for the prison rodeo will be held on every Sunday in October and on Wednesday, the 13th—and one of those days I'm intending to be on hand.

They say it's going to be the most exciting yet—and the new stands can seat 5,000 more spectators. And every cent taken in goes into the prisonerss' education and recreation fund to pay teachers, buy books, athletic equipment, false teeth, eye glasses, movies and other beneficial things that the State doesn't provide funds for.

At a T.C.U. football game a few seasons ago, one fan said, "The Frogs didn't try the right play then." Someone else countered with, "What makes you think you know?" The first replied, "I used to be the coach of T.C.U."

"Well," came back the other, "maybe that's the reason you aren't the coach any more!"

The lunatic genius who designs women's hats is now putting in his spare time designing neck-ties for us men.

Colonel Ray Leeman tells about a man who declared, "When I was 21, my father knew less than any man I knew. Then I had to go out in the world and earn my own way. When I came back home, I never met a man who had learned as much in three years as my father had!"

G.A.R. stands for the Grand Army of the Republic.

HEARTY MEALS can be easy meals COOKED ELECTRICALLY

There's little "kitchen heat" from an electric range, even when you have all the cooking units and the oven in operation. When you cook electrically, you use only enough current to heat the cooking utensil, none is wasted to heat up your kitchen. With dependable electricity, and the scientific construction of heating units on your electric range, you can cook many dishes with the cooking unit "off," once it's heated.

Those are just a few of the reasons why more and more folks are going "all-electric." Look over the new ranges, refrigerators, roasters, and other appliances and see if you, too, won't want to go "all-electric."

You'll find electric living is low-cost living.

See your favorite appliance dealer soon about better living—electrically.

Free Press and Enterprise Go Hand in Hand

What makes a free press possible? Private Enterprise! In every country where freedom of the press is lacking, or curbed, you will find a totalitarian government (a dictatorship) Under such a regime, government owns the basic industries. There is no incentive for constant improvement in order to appeal to the buying public. There is no particular reason for telling the public about all manner of products, such as is commonplace in the United States, in order to build business. The people have to take what the government offers and like it—there is no competition.

Totalitarian governments seek unbridled power. Under such governments, there can be no free press for two very good reasons. First, government controls all the news and all the newspapers. Second, government-owned industries do not have to advertise. They do not have to win the public's business by superior products and salesmanship.

No country in the world has 12,000 rural daily and weekly newspapers, in addition to the metropolitan press, except the United States. No country in the world has a newspaper in practically every town of a few hundred population. Their income is derived from private enterprise—thousands of competing industries, from the greatest railroad and public utility to the smallest bakery and laundry. They all advertise to popularize their services or products and win public favor and business.

It has often been charged, for political purposes, that advertising controls the American press. This is not so because competition is so varied that no branch of business is powerful enough to dominate the press. Volume and variety in advertising makes possible a free press.

No group of men and women in the United States is more vitally interested in opposing government ownership of business, as a matter of principle, than are newspaper editors. They are the nation's safeguard against the economic teachings of many of our principal colleges and text books which openly espouse the superiority of government operation of business as contrasted with private operation, on the phoney "liberal" philosophy that we have outgrown the days of private endeavor, and that only government is now capable of handling the basic industries of the nation. Such teachings are the opposite of every principle upon which our government was built, and if accepted will lead to the destruction of private enterprise including a free press. When that happens personal liberty itself will be gone.

This is something for editors, industrial leaders and individuals to think about, because the ground is already well prepared to extend government ownership of business (socialism) in our country.

Late October Wedding Date Is Announced

Mr. and Mrs. W. L. Avent Sr., are announcing the engagement and approaching marriage of their daughter Martha Jean to Lynn Scott, son of Mr. and Mrs. Roe Scott of Moran, Texas.

The wedding is scheduled for Saturday, October 30, in the home of Mr. and Mrs. Avent.

Gold is mined in Alaska along the Yukon river and at Nome.

In 1946 the state of Iowa produced 661,620 bushels of corn.

The island of Cuba contains 41,634 square miles.

MURRAY BIBLE CLASS HAS SOCIAL IN FRIENDSHIP ROOM

Members of the Murray Bible Class of the Methodist Church met Monday evening in the Friendship Room of the Church for its October social.

Fall flowers were used to decorate the room and the serving table. "42" was the diversion for the evening.

Sandwiches, potato chips, salad, angel food cake, coffee and cocoa were served to Mrs. Marjorie Cleavinger, Mrs. Larry Holman, Mrs. Alene Leake, Mrs. Maurine Jennings, Mrs. Flossie Johnston, Mrs. Ethel Mullins, Mrs. Maxine Davis, Mrs. Tommie Pierce, Mrs. W. G. Rose, Mrs. Judy Gidden, Mrs. Gladdis Samples, Mrs. Gladys Haines, Mrs. C. A. Murray, Mrs. Gladys Westfall, Mrs. Rhome Mobley, Mrs. Bertha Adcock, Mrs. Bessie Samuelson and Mrs. Merle McGehee.

Gifts were presented to out going president, Mrs. Samples; secretary, Mrs. Adcock; teacher Mrs. Stroud; and to Mrs. McGehee, who is moving to Amarillo.

Hostesses for the evening were: Mrs. L. M. Cousins, Mrs. Grace McDougal, Mrs. Margaret Wilkinson, Mrs. Lila McDonald, Mrs. Allene Hunter, Mrs. Geneva Morton, Mrs. Lorene Latham, Mrs. Catherine Morris, Miss Irene Hicks, and Mrs. Dorene Welch.

The height of Niagara Falls, American side, is 167-169 feet.

The history of dancing dates back to ancient Egypt.

The National Federation of Day Nurseries was founded in 1898.

Juneau is the capital of Alaska.

Betrothal of Fern Byars Is Announced

Mr. and Mrs. Albert Byars are announcing the engagement and approaching marriage of their daughter, Fern, to Crawford A. Kiker of Happy.

The ceremony is scheduled for Friday, October 22.

CENTRAL H.D. CLUB HEARS LANDSCAPING REPORTS

On Friday afternoon, September 24, Mrs. Fred Marshall gave an interesting report on the landscaping of their new home during the past year, when she was hostess to members of the club in her home. She also gave the cooperator's report.

After the report the members viewed the beautiful, spacious and attractively arranged Marshall yard. Club members were amazed at the accomplishments in so short a time. A club gift was presented to Mrs. Marshall.

At the business session of the meeting, Mrs. Rice, vice president, presided in the absence of Mrs. S. R. Hood.

Mrs. Levi Cole presented a short quiz contest on trees for recreation.

The tea table was beautiful with crystal appointments and gorgeous rose centerpiece.

Guests were served punch, cookies, sandwiches, nuts, mints and cheese Kripettes.

Members and guests present were: Miss Lou Ella Patterson, Mrs. George Barker, Mrs. R. E. Foster, Mrs. T. A. Kluck, Mrs. W. L. Rice, Mrs. S. L. Terry, Mrs. Velton Sorgee, Mrs. Maude Walters, Mrs. Charles Wilkinson, Mrs. Cole and the hostess.

The next meeting will be at 2:30 o'clock on October 18 in the home of Mrs. Charles Wilkinson.

ZITA H. D. CLUB ENTERTAINS HUSBANDS

The Zita Home Demonstration Club sponsored a fried chicken dinner for their husbands and invited guests on Wednesday night, September 29, in the Wayland Angel's lovely new home. J. B. Lynn (Uncle Jay) of KGNC was in charge of the entertainment.

Those attending were: Senator and Mrs. Grady Hazlewood, J. B. Lynn, Miss Lou Ella Patterson, Miss Novella Goodman, Mr. and Mrs. C. C. Stewart, Mr. and Mrs. Marshall Rockwell, Jr., Mr. and Mrs. J. P. Upchurch, Mr. and Mrs. D. C. McCormick, Mr. and Mrs. M. H. Rockwell, Mr. and Mrs. B. E. McCormick, Mr. and Mrs. Ralph Ruthardt, Mr. and Mrs. W. E. Bennett, Mr. and Mrs. James Jennings, Mr. and Mrs. E. A. Michael, Mr. and Mrs. Stuart Condron, Mr. and Mrs. Forrest Gruner and Cindy, Mr. and Mrs. Donald Olson, Mr. and Mrs. H. R. Fulton and Mr. and Mrs. Angel.

The Zita Home Demonstration Club met on Tuesday, September 28 with Mrs. L. R. Delano for an interesting meeting on "Fall House Cleaning," Mrs. Angel, Mrs. Jennings, Mrs. Rose and Mrs. Gruner had discussions on the different phases of fall house cleaning.

Roll call was answered by: Mesdames B. E. McCormick, Arthur Olson, Wayland Angel, Ralph Ruthardt, Forrest Gruner, M. H. Rockwell, W. S. Bennett, L. R. Delano, E. A. Michael, W. D. Rose, Stuart Condron, and Mrs. James Jennings.

A delicious dessert plate was served by the hostess and her sister, Mrs. Fox, at the conclusion of the social hour.

Wayside News

Rev. C. W. Williams filled his regular appointment Sunday morning and evening and at 3 o'clock they had communion services with 2 other visiting churches present.

The McGehee delegation met at the John McGehee home Sunday to celebrate his 80th birthday. There were 54 present. Each family contributed to the bountiful lunch that was served at the noon hour. In the afternoon a watermelon feast was enjoyed. Mrs. Macie Helms has lately purchased a moving picture projector and she showed a number of reels of very interesting moving pictures.

Mr. and Mrs. W. R. Franklin were Happy and Canyon callers last Friday.

Mrs. E. A. Franklin is visiting in Amarillo in the home of a granddaughter, Mr. and Mrs. Linder Hagains and family.

Mr. and Mrs. Ewing McGehee have sold their home in Canyon and bought one in West Amarillo. They own and operate a skating rink on Georgia Street.

Britain's argument over socializing the steel industry revolves around the issue of expansion in steel capacity. Private industry sets a goal of 15,000,000 to 16,000,000 tons of production while the Government insists that the goal must be 18,000,000 tons. Government capital is needed for the larger expansion, with the Government wanting ownership if it puts up the money.

Herbert Hoover, former President, is prepared to recommend creation of two new Cabinet departments when he makes his report on reorganization of Government. A Department of Public Welfare and one of Public Works are to be proposed, with a woman probably to head a Department of Public Welfare if Congress creates it.

Earl Warren, of California, Republican vice-presidential nominee, still is without definite assurance of the type of full-time job he can have if elected. The planners are having difficulty devising an administrative job for the Vice President, who is independent of Congress and of the White House.

Joseph Stalin and his aide, V. M. Molotov ,became convinced by Russian military leaders that winter will force Western nations out of Berlin. The apparent double cross of Western negotiators is related to the Russian idea that U.S. and Britain cannot supply Berlin through the winter.

George Marshall is acting very much on hi sown as the director of U.S. foreign policy at this critical time. He keeps President Truman informed of his policy decisions, but gets little or no direction from the President.

Baber - Moody Double Ring Rites Read In Beautiful Home Wedding

MR. AND MRS. ALFRED W. MOODY

Nuptial vows were read for Betty Jo Baber, daughter of Mr. and Mrs. Joe Baber, and Alfred W. Moody, son of Mr. and Mrs. A. W. Moody of Amarillo, in an impressive home wedding, Friday evening, October 1.

Dr. Roy L. Johnson, pastor of the First Baptist Church, read the double ring ceremony at an improvised altar which had as its background a draped picture window. A white arch entwined with lemon vine, tied with white satin bows and flanked with tall white baskets of white mums and tall branched candelabra completed the altar decorations.

Mrs. Olin Huff, cousin of the bride, played selections of music softly in the music room preceding the ceremony and while Miss Joan Pickle of Lubbock, cousin of the bridegroom and Doyle Hutchins of Dimmitt, cousin of the bride, lighted the candles. She also accompanied her husband as he sang "I Love You Truly". Traditional wedding marches were played for the processional and recessional.

Mrs. Charles Marshall, cousin of the bride, as matron of honor and only attendant, wore a navy suit with jet embroidered pockets and carried a colonial bouquet of rose carnations.

Charles Moody, brother of the bridegroom, served as best man.

Little Misses Patricia and Charlotte Huff, cousins of the bride, gowned in rose crepe and wearing halos of baby white mums, were ring bearers. The ring pillows were small circular shirred white satin showered with white satin streamers.

Entering on the arm of her father, the bride was lovely in an aqua soft wool costume suit made with fitted coat and wide embroideried circular collar. She carried a white Bible topped with white rose buds and tube roses and showered with white satin streamers. For something old she wore her paternal grandmother's wedding ring; something borrowed was a jewelled bacelet belonging to her aunt, Mrs. F. E. Stallings; something new was a three-strand pearl necklace, a gift from the bridegroom.

Mrs. Baber chose a grey crepe dress with black accessories for her daughter's wedding. Mrs. Moody, mother of the bridegroom, wore a blue wool suit with black accessories. Both their corsages were gardenias.

Following the ceremony the couple was honored with a reception.

Centering the lace covered serving table was a three-tiered wedding cake, surmounted with a miniature bride and groom standing under an arch, flanked by tall tapers and arrangements of white rosebuds.

Mrs. L. E. Vessel, sister of the bridegroom, served the wedding cake. Mrs. Robert Boynton, cousin of the bride, presided over the silver coffee service.

Mrs. Guy Barnes, twin sister of Mrs. Boynton, registered the guests.

For her going away suit the bride chose a green gabardine suit with navy and grey accessories. Her corsage was white rose buds.

Mrs. Moody was graduated from West Texas High School and North West Texas School of Nursing in Amarillo. Mr. Moody is a graduate of Big Spring High School and served three years in the Navy with 22 months overseas. He is employed at Plains Plumbing Co. in Amarillo.

The couple will be at home at 800 Monroe, Amarillo.

Out of town guests at the wedding and reception were: Mr. and Mrs. Randall Pickle, Don and Joan Pickle and Mr. and Mrs. Lewis B. Rix, all of Lubbock; Mr. and Mrs. W. D. Deats, Mrs. C. D. Matheny ,Mrs. Joe D. Pickle, Mr. and Mrs. C. W. Deats and Mr. and Mrs. Wesley Deats, all of Big Spring; Mr. and Mrs. Forrest Stallings of Harlingen; Mrs. Houtchens, Doyle H. Houtchens, Mary Frances and Charlie Hestand, all of Dimmitt; Mrs. L. W. Langston of Spur;

Mr. and Mrs. Jack Webster, Mr. and Mrs. Robert Boynton and Mark; Mr. and Mrs. Guy Barnes and Zeita Mae, Mrs. L. E. Vessel, Mr. and Mrs. A. W. Moody, Mrs. Scott Webster, Mrs. Less Whitaker and Mrs. J. Raymond Wood, all of Amarillo.

CLASSMATES HONOR SHIRLEY McGEHEE AT FAREWELL PARTY

On Friday afternoon girls from the Sixth Grade at West Texas High met at the home of Beverly Soll to honor their classmate, Shirley McGehee, who is moving to Amarillo. Mrs. Fred Soll and Mrs. H. C. Adcock were hostesses for the party.

Individual gifts were presented to the honoree.

After a series of games, sandwiches, candies, cookies and punch were served to Kathleen McLaury, Jo Beth Warren, Tanya Hanks, Dovie Keene, Ray June Ford, Rachel Maynard, Nancy Adcock, Martha Quillan, Ellen Johnson, Beverly Soll and the honoree.

W.S.C.S. MEETS WITH MRS. McELROY TO STUDY ALASKA

On Tuesday afternoon the Women's Society of Christian Service of the Methodist Church met at the home of Mrs. Clyde McElroy for a program on "Alaska Among Northern Lights."

Following the devotional by Mrs. McElroy, Mrs. Joe H. Thompson led the program with Mrs. A. W. Sternenberg, Mrs. George Hill, Mrs. Chas. Dowlen and Mrs. Ida Barlow taking parts as guides on tours of Alaska. This proved to be one of the most interesting programs of recent date.

Punch and cookies were served at the social hour.

Neither U.S. nor British leaders are ready with decisions about what to do if Russia starts to interfere directly with air transport of goods to Berlin. Plans carry no further than to a United Nations debate over the right or wrong of Russia's action in blockading land routes to Berlin.

Mr. Marshall, James Forrestal, Secretary of Defense, and Robert Lovett, Under Secretary of State, are making most of the big executive decisions for the U.S. Government. The President, with a campaign on his hands, is able to take only casual interest in the day-by-dy affairs of state.

U.S. military planners remain cool to the idea of revived Lend-Lease of military equipment to nations of Western Europe until many questions are answered concerning how that equipment would be used, and how strong assurances could be that the equipment would not quickly fall to Russia in event of real war.

Word is out in the military that the war season for 1948 is past, with the next danger period not earlier than summer, 1949. Any offensive move in Europe after mid-September runs into the transportation hazard of very bad roads, with Russia especially handicapped.

Puppets worked by strings are marionettes.

War Pensions Reach Total Of 32 Million, VA Reports

WASHINGTON. — Almost 879,000 dependents of deceased veterans of all wars back to the Mexican campaign now receive pensions and compensation from the federal government.

Veterans' administration disclosed that its monthly bill for the payments amounts to more than 32 million dollars.

Of the beneficiaries, 396,000 are dependents of World War II veterans. Another 363,000 receive pensions as a result of the death of World War I veterans.

Others on the rolls include 78,000 dependents of Spanish-American war veterans, 19,000 Civil war veterans, 2,345 of Indian wars and 47 from the Mexican war.

Another 20,000 dependents of veterans who died in peacetime service also are receiving pensions.

Nazi Secret Weapons Begun In War Now Being Made Here

POINT MUGU, CALIF. — Seven German scientists are completing for America the Nazi secret weapons they began as wartime projects for Adolf Hitler, it was disclosed.

A naval spokesman at the Point Mugu guided missile test center, who would not permit use of his name, made the disclosure in denying that the Nazi experts were given priority over American war veterans at an Oxnard, Calif., housing project.

The German scientists, working under voluntary contracts with the U. S. government, were reported to have applied for U. S. citizenship. Their work at present is limited to completing German weapons unfinished at the end of the war.

Four Persons Leap Safely Out of Burning Airplane

BERLIN, GERMANY. — Four persons aboard a United States army transport plane parachuted into the Soviet zone of Germany when the plane, en route from Berlin to Paris, caught fire.

Six others aboard the plane remained in their places as it crash landed near Sangerhausen, Thuringia. None of the plane's occupants was injured, and all were taken by a Russian rescue squad to nearby Elsleben.

Mrs. H. J. Thorkelson, wife of a United States military government civilian employee, was rescued by the Russians from a tree in which she landed after bailing out of the plane.

Gypsum is one of the world's most plentiful materials.

The common cabbage is a valuable food for both man and livestock.

Texas Rainmaker Sprinkles Crops 24 Hours Daily

ELSA, TEX.—Making rain by seeding clouds with dry ice doesn't interest W. A. Harding, owner of the unique Evergreen farms.

For 11 years he's been making two and a half inches of rainfall a day.

Harding does his rainmaking on his 1,800-acre farm, where he grows alfalfa and sudan grasses for dehydration and manufacture into chicken and horse feed and vitamin pills for humans.

His is the only farm in the world, Harding believes, that operates full-blast 24-hours a day, seven days a week, year after year.

Continual sprinkling, harvesting and dehydration is going on at the T-shaped farm in the lower Rio Grande valley.

Every 24 hours the sprinkling system lays down two and a half inches of rain on a 120-acre block. The next day another 120 acres are showered.

Cuts Alfalfa Frequently

By providing plenty of rain, Harding is able to cut his alfalfa 10 times a year, his oats and other small grains three or four times.

His oats are cut when eight inches tall, alfalfa at 16 inches. The harvesters barely clear the soil as they snip off the plants.

"We cut while the plants are tender and have their greenest protein content," explained Harding, one of the real estate men who "opened up" the lower Rio Grande valley after World War I.

The alfalfa and oats are conveyed into trucks and hauled to the dehydrator, where they are fed into a telescopic drum furnace 24 feet in diameter.

Temperatures of 1,750 degrees Fahrenheit bake out the moisture. Then a hammer mill, grinding at 3,600 revolutions per minute, chops the stalks before they're sucked through a fine screen.

Produces Green Flour

The finished product is a pastel green flour, as fine as a housewife's baking flour. The entire dehydration and grinding process takes less than three minutes.

Most of the sacks of green flour are shipped to Kansas City, where they are mixed either with poultry feed or processed into vitamin pills for human consumption.

"The best thing about this farm is that we contract for our production a year in advance," explained Harding, who last year turned out 8,000 tons of dehydrated cereal grasses and alfalfa.

"Our soil is getting richer, too, because of the alfalfa, although we fertilize the oats and sudan grasses."

The farm has its own power supply. Gas wells provide power for the water pumps in the sprinkling system and for heat for the dehydration plant.

Baboon Causes Noisy Uproar in Philadelphia Pet Shop

PHILADELPHIA—Babs, a five-year-old baboon, came up with her own version of the "bull in the china shop."

Working diligently during the early morning hours, Babs succeeded in picking the lock of her cage in a pet shop.

Then the trouble started.

First she freed a canary which promptly found its way to a fire escape door and headed for the wide open spaces.

Babs opened the cages of two sets of puppies, scrambled them thoroughly and as a result, one of the wire-haired terriers got mixed up in a dog fight and killed a 2-month-old chow.

While pandemonium reigned on the first floor, Babs ventured upstairs to the kennels where dogs are kept for owners.

Meanwhile, a passer-by who saw the dog fight downstairs, sent out a call to the shop owner, Mrs. Bertha Docktor.

After calming the dogs and getting them back in their proper pens, Mrs. Docktor's helper, Edward Krimnel set out after Babs with a net.

But Babs dodged Krimnel and was about to follow the canary through the fire escape door when Mrs. Docktor succeeded in luring Babs downstairs with bananas and grapes.

'Foodless Girl' in China Raids Pantry at Midnight

NANKING.—Yang Mei, 20, who swore she had not eaten for nine years, was exposed by the official Central News agency as a midnight pantry raider.

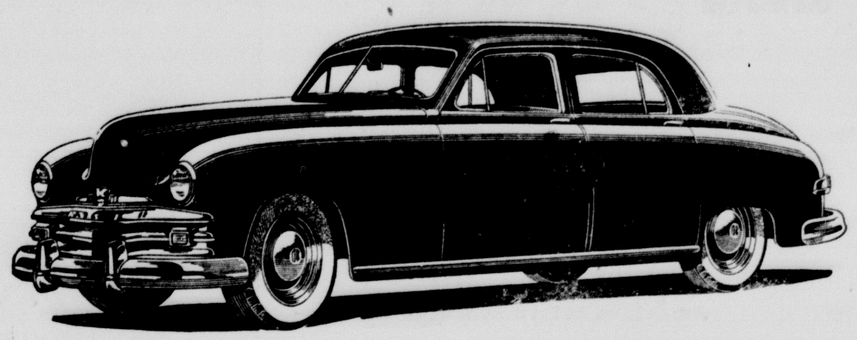

The agency said nurses, feigning sleep at the Chungking hospital where the girl has been under observation for weeks, caught her slipping into the pantry to feast.

She had insisted she lost all appetite for food nine years ago after an illness, but the agency said she had had midnight snacks of chicken, pork and potato stew, porridge, cooked rice, pickled dried beans and other food.

The report said the girl, realizing that she would be unable to maintain her pretense, had threatened suicide.

Mississippi's vacation period season stretches the year around.

Auction Sale!

Oct. 21, 22, 23

SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE

4,000 Acres in Two Tracts

I. C. LITTLE FARMS

Land Divided Into 160-Acre Units

TRACT NO. 1

3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tulia. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barns, granary, cellar, orchard, windmill, etc.

TRACT NO. 2

800 acres located 5½ miles east of Highway 87 from a point approximately midway between Tulia and Happy, Texas.
This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION

8 Tractors, combine, ditcher, floats, feed chopper, plows, 4 trucks, binder, drills, engines, hay baler, mower, rake and various other items of farm machinery and equipment.

ORDER OF SELLING

Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early October 21, inspect the land and machinery—be ready to bid when the sale starts.

HOW TO GET THERE:

Tract No. 1: Drive from Happy south 8 miles, or Tulia north 7 miles, to Kaffir elevator. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles.
Tract No. 2: Drive from Happy south 7 miles, or Tulia north 8 miles, and turn east 5 miles then south ½ mile.
FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract No. 1.

Write Today For Descriptive Folder and Hotel Reservation, If Desired, To John L. McCarty, Room 203, Mays Bldg., Amarillo, Texas.

Governor Dewey is expected to be ready with a federal budget if he takes office next January. His fiscal staff already is far advanced with a budget that can be used to replace the one President Truman must submit to the 81st Congress.

Farm real estate values and prices received by farmers for milk have reached new levels throughout the nation.—Report, Bureau of Agricultural Economics.

St. Augustine, Florida, is the oldest town in the United States.

It takes a statesman with lofty vision to investigate high prices.

Remember when there was only one car in a garage instead of two families?

Seems the only antidote for a filibuster is a bloc-buster.

One armed drivers are headed for a church aisle—some walking and the balance carried.

The man in the moon was never so interesting as a gal in the sun.

The dollar is the jack of all trades and its present worth proves the old adage.

Folks renting an apartment these days have little room to complain.

PAY YOUR TAXES
EARLY--SAVE DISCOUNT

The Commissioners Court of Randall County has authorized the Tax Collector to give the discount on all taxes as provided by the recent legislature as follows:

3 per cent if paid during October, 1948

2 per cent if paid during November, 1948

1 per cent if paid during December, 1948

This discount is on all State and County taxes that are collected by the County Tax Collector and all applies to all Common School District taxes collected at this office.

Sheriff, Tax Assessor and Collector
Randall County, Texas

First "call" for fall!

Don't fiddle around any longer with dirty old summer motor oil. Swing *your* car into the nearest Conoco station and change to winter-grade N*th* Motor Oil.

Lighter winter-grade N*th* gives you faster starts. Saves you wear on the battery when you step on the starter.

What's more, a change to Conoco N*th* Motor Oil gives you the *extra* protection of OIL-PLATING. For N*th* contains a special, *added* ingredient that actually OIL-PLATES your engine's working parts . . . fastens an *extra* film of lubricant to cylinder walls . . . protects you from "dry" friction starts . . . from sludge and carbon due to wear.

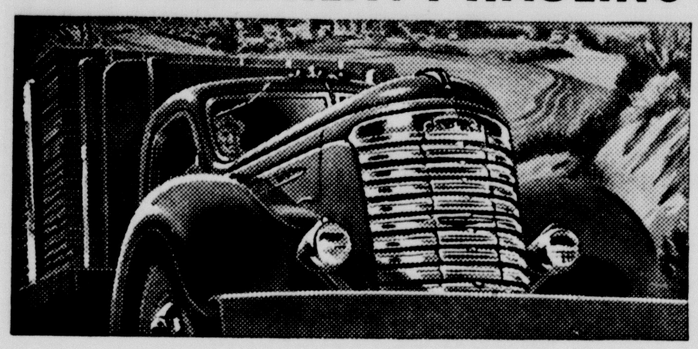

So for better winter driving, call on *your* Conoco Mileage Merchant . . .

Make a date to Oil-Plate!

Why Have a Supreme Court Judge pick your U.S. Senator?

ELECT YOUR OWN CANDIDATE

JACK PORTER

He is a business man, not a politician.

He is for States Rights and will oppose so-called Civil Rights.

He will fight to keep the Tidelands for Texas' school children.

He will work with the Republican administration to rid our governmental agencies of Communists and fellow-travelers.

VOTE FOR JACK PORTER

Republican Candidate for

U. S. SENATOR

If Elected, He Will Be Seated!

Voting the "split" Ticket is legal in Texas. There is no law, rule or regulation which prevents a qualified voter from voting for any candidate of his choice on November 2. For years, this has been sustained by court decisions and the Attorney General's department. Assert your constitutional right . . . vote for the candidate of your choice . . .

JACK PORTER

A man who puts principle before party.

(Political advertisement paid for by the Jack Porter for Senate Committee, Lloyd Wheelock, chairman.)

Educators Meet Here October 16

"Current Problems in the Elementary School" will be discussed by superintendents, principals, and elementary teachers of the Panhandle when they gather on the campus Saturday, October 16 for a conference sponsored by the School of Education. The conference is under the general direction of Professor F. E. Savage.

A panel discussion at 11 o'clock in the auditorium of the Education Building will be followed by a luncheon program. Dr. Mary C. Wilson of the School of Education of Northwestern State College, Natchitoches, Louisiana, will speak both hours. Other features of the conference will include a coffee and hospitality hour preceding the first program, music by elementary school pupils, and an exhibit of new teaching aids.

In addition to administrators and teachers of the public schools, invitations have been extended to education teachers in the junior colleges of Amarillo, Borger, Clarendon, Wayland Baptist College at Plainview, and Eastern New Mexico College at Portales. Representatives of Future Teachers of America clubs also have been invited. It is expected that many WT students who are majoring in administration or elementary education will attend the programs.

Local chairmen in charge of arrangements are Miss Novella Goodman, programs; Miss Ada V. Clark, special features; Mrs. Mary Sligar, invitations and registration; Mrs. Earline Moreman, exhibits; Miss Mae Simmons, decorations. Miss Ruth Lowes is general chairman.

90% of Fires in the Nation Are Preventable

Fire Prevention Week—which will run from October 3-9—shows, in the background, the Four Horsemen of the Apocalypse—war, famine, pestilence, and death. In the foreground, carrying a flaming brand, is the Fifth Horseman—fire.

That makes a dramtic and thought-provoking picture. Fire is one of the most consistent killers. Its ravage is especially great among small children. And, on top of that, it disfigures and cripples thousands of people each year. Then, for good measure, it destroys well over $50,000,000 worth of property every month.

Can fire be prevented? The experts say that 90 per cent of all fires, great and small, are unnecessary. Of all fire's allies, human carelessness is by far the most effective. Our collective failure to follow$ the rudiments of fire safety is the basic reason why fire waste continues to grow. When fire is fought intensively, it always loses. As a recent example, the Navy's Bureau of Yards and Docks has been carrying on a major fire prevention campaign. In the first quarter of this year alone fire damage to its installations were cut by nearly $1,500,000.

When you see the Fire Prevention Week poster, study it closely. Keep its message in mind. Learn the simple rules of fire safety and follow them. Then, and only then, the Fifth Horseman can be put to flight.

Anti-Franco groups in Spain have found a loophole in the Government's tight censorship. Americans have been surprised, recently, at the anti-Franco propaganda received in letters directly from Spain. This marks the first time since the Generalissimo came to power that his opponents have been able to mail literature out of the country.

Congratulations for Miss America

Beatrice "BeBe" Shopp, 18-year-old farm girl from Williston Park, Minn., and Miss America for 1949, reads congratulatory telegrams with her parents, Mr. and Mrs. Edward Shopp, in Atlantic City, N. J. Miss Shopp, who tends 100 chickens on her father's farm and helps her mother with kitchen chores, spurned Hollywood and marriage for her music and education.

Two Trips Ahead For WTexas Band

The West Texas State Buffalo Band takes to the road next week for two trips. The first is to Amarillo, Monday, October 4, for the parade at the opening day of the Tri-State Fair. After the parade the band will give a short concert at the fair grounds.

The second trip is to El Paso. Present plans call for the band to leave early Saturday morning, October 8, for the football game between the West Texas Buffaloes and Texas School of Mines. They will spend the night in El Paso and return sometime Sunday.

"The West Texas State Band has about eighty pieces this year, but there are still some openings for anyone that would like to play in the band this year," said Jerry Newman, Buffalo Band Director.

The Deep South is to be ignored by both Mr. Truman and Mr. Dewey during the campaign. Mr. Truman is staying away from that region for fear of stirring up even more opposition to himself. G. O. P. high command believes the Democratic Party split in the South already has given Republicans all the gains they can expect.

Democratic Party chieftains are frankly awed by their own candidate. Almost alone, Truman exudes convincing confidence in his victory.

Buffs Lost a Stubborn Game Against Denton

An injured team and a couple of bad breaks at critical times lost the Buffaloes a football game Saturday night. Denton won 20-7.

The Buffs recovered on on-side kick-off on the first play and marched over for a touchdown before releasing the ball. The score was 7-0.

The Eagles received and worked down the field. It was evident that they meant business as Coach Odus Mitchell sent in man after man to replace his starting line-up. The Eagles scored before the end of the first quarter to even the score.

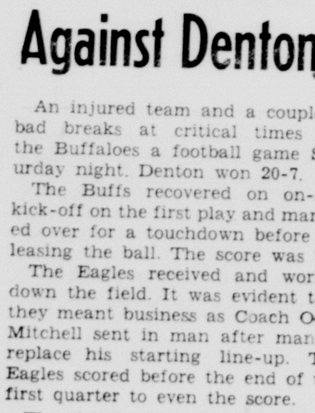

The visitors made two touchdowns during the second period, and put the game on ice.

The Buffs came back strong in the third period, but fate was against the team. Bad breaks kept the Buffs from scoring at vital points during the third quarter.

The last period was a stand-off, with neither team getting a serious advantage.

The following are the statistics of the game:

	NTS	WTS
First downs	10	9
Yards gained rushing	195	150
Yards lost rushing	11	31
Passes attempted	14	13
Passes completed	6	6
Yards gained passing	49	76
Passes intercepted by	2	0
Number of punts	9	8
Punt average	39.8	38.1
Opp. fum. recovered	2	0
Number of penalties	9	7
Yards penalized	95	55

Guest Speakers at Christian Church

Clarence Fuqua, Missionary to Mexico under the auspices of the Disciples of Christ since 1945, will speak at the First Christian Church, Tuesday evening, October 12th at 7:45 p.m.

His station is at Los Haro near Ciudad Garcia in the state of Zacatecas, a rural area in a mountainous region almost 8000 feet above sea level.

Mr. Fuqua and his wife are doing evangelistic work and are helping to raise the level of living among the natives through improvement of the goat herds and through new agricultural methods.

Mr. Fuqua is a native of Kansas and a graduate of Phillips University, Enid, Oklahoma. He had special preparatory training at Cornell for his mission service. He expects to return to Mexico in a few months.

William G. Baker of Leeds, England will speak at the Christian Church on Wednesday evening, October 13th at 7:45 p.m. He is a fraternal delegate of the Disciples of Christ in England, and has been attending the International Convention of the Disciples of Christ in San Francisco, California, which was held last month.

The public is invited to come and hear these men speak.

Increased Payments For Blind and Needy Children To Start

Payments to those who are dependent upon Old Age Assistance, Aid to the Needy Blind, and Aid to Dependent Children will be icnreased an average of about $2.00 on October 1, 1948, as a result of recent changes in the Federal Social Security Act, according to Mrs. Vivian Cummings, Field Worker.

In the dying days of the Regular Session of the 80th Congress, the matching formula by which Federal money is allocated to the States was changed. The new Federal formula provides about 64% Federal to 36% State. Mrs. Cummings stated that there is, of course, no Federal money allocated any State except on this matching basis.

Had non additional Federal money been made available, it would have been necessary to reduce each Old Age Assistance check between $2.00 and $3.00 during each month of the present fiscal year, according to Mrs. Cummings. It is now possbile to avoid this cut and instead raise checks $2.00 and to adopt a maxi mum payment of $50.00 in the Old Age and Blind programs; and $27.00 for the first child in a family and $18.00 for each additional child in the Aid to Dependent Children program. All adjustments have already been made, and it has not been necessary for those receiving aid to visit the Welfare office to secure such raises as are possible. It is anticipated that the Old Age Assistance rolls will show a net increase of 700 persons per month, and the average payment will increase silghtly each month. Mrs. Cummings commented, the additional funds will be used in these three ways: To avoid what would have been a $2.00 or $3.00 cut in payments each month; to increase payments approximately $2.00 and to provide for payments to new persons coming on the rolls.

The number of checks to be mailed in October to those eligible to receive them will not be known until after the 1st of October, as the certifications of new grants will not be closed until September 30. In September there were 207,143 Old Age Assistance checks mailed out with the checks averaging $31.57. It is anticipated that a slightly larger number of checks will be mailed in October, which will average about $33.57. Average payments to the needy blind will averge about $38.00 to about the same 5,741 persons who in September received an average of $35.01. Payments to dependent children will average about $3.00 per child more to the 41,873 children who received an average of $10.08 for September.

Mrs. Cummings added that during the current fiscal year, which will end August 31, 1949, it is anticipated that $86,000,000 will be distributed to those entitled to receive Old Age Assistnce, of which $31,000,000 will be State money and $55,000,000 will be Federal money; $2,700,000 to the blind, composed of $1,000,000 State and $1,700,000 Federal funds; $9,000,000 to dependent children, of which $3,000,000 will be State and $6,000,000 Federal. The Texas Constitution prohibits expenditures of more than $35,000,000 for the three assistance programs in any one year. The Legislature has appropriated this amount as follows:

$31,000,000 for old age assistance
3,000,000 for aid to dependent children
1,000,000 for aid to the needy blind.

Before additional money can be appropriated by the Texas Legislature, the Constitution will have to be amended to allow for larger appropriations.

J. H. MILFORD, Owner

Fairview Breezes

The Rev. Johnston accepted the pastorate of our church Sunday morning. Everyone is cordially invited to come out to hear this young pastor and give him your support and cooperation.

We were glad to welcome Mrs. F. M. Brazil and Mary Alice to Sunday School and church Sunday morning.

Mrs. Lola Belle Wesley Lang was taken critically ill last Sunday morning and was rushed to the Tulia Hospital where she has been critically ill. She has had 3 blood transfusions and was slightly improved Saturday evening.

Mrs. Delbert Wesley has returned from San Diego, California, from where Delbert had sailed for foreign country.

Harney Rogers is ill in Northwest Texas Hospital in Amarillo.

Mrs. Haley Hodges is in the home of her sister, Mrs. Serena Bryan, and has been ill with tonsilitis.

Miss Fayrene Schaeffer is to have her tonsils removed at Canyon in the Neblett Hospital, Monday morning.

Ronnie Shipman has been ill for two or three weeks.

Mr. and Mrs. Wayne Wesley have been in Tulia helping care for Wayne's sister, Lola Belle.

Will Franklin is shingling the J. W. Wesley home.

The yard demonstration was well attended. The tour started at Mrs. G. E. Wesley's, going from there to the H. H. Shipman home, then to the J. W. Wesley home. All shelter belt plantings were doing well and represented much hard work and patience. Refreshments of cookies, mints and ice cold pop were served to 9 members and 8 visitors at the J. W. Wesley home.

Sunday guests in the home of Mrs. J. F. Doss were: Mr. and Mrs. J. L. Doss, Alvin, Texas; Mr. and Mrs. Melvin Troxlar, Friendswood, Texas; Mrs. Kurt Philipp, Clifton, Texas; Mr. and Mrs. C. H. Doss, Hale Center; Mr. and Mrs. L. J. Doss and Wilma Lee, Tulia; Mrs. Nannie Hart and B. A. Arthur of Plainview; Mrs. B. F. Herndon, Tulia; Mrs. Clem Hallmark, Belton; Mr. and Mrs. Billy Hallmark and Mr. and Mrs. H. H. Bennett of Amarillo.

Guests in the home of Mr. and Mrs. G. B. Bourland for the week end were their daughters, Mrs. Paul Dailey and Mrs. Grant White and baby, Carol Ann, of Las Vegas, New Mexico, and Dr. and Mrs. P. A. Preslar of Childress. Mrs. W. E. Bennett of near Amarillo joined them on Saturday. Then on Sunday the entire group were dinner guests of Mr. and Mrs. Bennett.

Gypsum, serving 900 purposes in many fields, is one of the world's most versatile materials.

U. S. Navy Band Will Play at West Texas State on October 14

The United States Navy Band will give two concerts in the Auditorium on the campus of West Texas State College Thursday, October 14. This is probably the world's finest musical organization of its kind today. It will by far be one of the outstanding attractions of the school year. For many people, it will be the first opportunity to hear such a fine aggregation of musicians.

Designed primarily for the youth of this area, the afternoon concert will be devoted to popular music, jazz nd classics and novelties that are meant to be sheer fun. The matinee performance is mostly for the high school students in the Panhandle, but some tickets will be on sale for the students and faculty of WT. The tickets will go on sale today at the bandhouse for ninety cents as there are no reserved seats for the afternoon performance.

The night performance, which begins at 8 p. m., will contain a variety of songs. Tickets for the evening performance are also on sale at the band house. Tickets for the evening performance are opened to public as well as the student body and faculty. All seats are reserved and the prices are $1.20 and $1.80.

The Navy Band is made up of 50 musicians. Of the 50 musicians, 10 are soloists and will perform either at the matinee or evening concert. The program is scheduled to last at least one hour and forty-five minutes. Proceeds from the concert go to the Buffalo Band.

Prevent Spread of Common Colds Among Families

Sudden seasonal changes in the weather during the fall months often result in chilling, which in turn is usually followed by wide-spread incidence of the common cold. This disease always spreads rapidly because of the fact that very few people can live isolated lives and in any group or crowd of people, coughing, sneezing and spitting will scatter millions of cold germs among susceptible persons.

Dr. Geo. W. Cox, State Health Officer, says that there are countless ways of spreading a cold other than by coughing, sneezing and spitting. "For instance," the Doctor said, "if a member of your family has a cold and the other members share a common drinking glass with him, you may expect the whole family to pick up the germs he leaves on the glass. Sometimes a person with a cold thoughtlessly touches his mouth or nostrils with his hand, and then shakes hands with another person. That person can, and very likely will contaminate his own mouth or nostrils with his hand, and the germs are transmitted into his system. A child with a cold may contaminate his toys, and the next child that picks them up and plays with them will certainly obtain the cold germs, along with the toys."

Children, as well as adults, who are suffering from a cold should be put to bed, and if complete rest, light food, and plenty of liquids do not improve his condition in a short time, the family physician should be called. Dr. Cox further advised that dressing properly for the weather, sensible eating, plenty of rest, and avoiding persons with colds can be helpful in preventing your own infection. Colds are costly in time, health, and money, the Doctor said, and added, "Prevent them if possible."

CUB SCOUTS ENTERTAINED TO HONOR JIM BOB McGEHEE

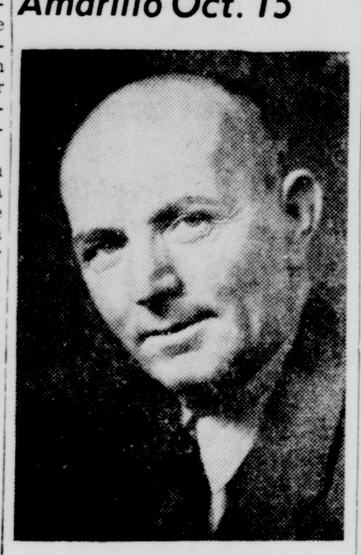

On Friday evening, October 1, Mrs. Iverson Leake and Mrs. Otto Samuelson were hostesses to the Cub Scouts at a weiner roast honoring Jim Bob McGehee, who is moving to Amarillo.

A series of games followed the weiner roast. Then the members of the troop presented Jim Bob with a Cub Scout Bear plaque and a scrapbook.

Those present were Melvin Cunningham, David Devaney, Charles Stone, Will Devaney, David Hawkins, Eddie Leake, Norris and Bobby Samuelson, Bryan Tolliver, Bobby Brune, Ralph Miller, the honoree, Mrs. Amogene Devaney and the hostesses.

Farm Bureau Will Hold Meeting in Amarillo Oct. 15

J. WALTER HAMMOND

A district Farm Bureau meeting will be held at the Herring Hotel in Amarillo on Friday October 15, it has been announced by J. Walter Hammond, president of the Texas Farm Bureau Federation. C. H. Kuper of Dalhart, Texas, District Director, will preside. The meeting will start at 10:00 a.m.

This will be one of a series of 13 district meetings being held throughout Texas during the month of October, for the purpose of bringing farmers and ranchmen first-hand information on the immediate agricultural situation, and the economic conditions of the Nation as a whole, and to get the thinking from the grass-roots with reference to agricultural matters.

"Farm prices have dropped 30 percent in the past nine months, and farmers' buying power has been reduced 18 percent," Hammond said. "Only through a workable, long range farm program that will provide adequate price supports for farm commodities, can this Nation enjoy a balanced economy and avoid another depression such as was experienced in the early thirties," he declared. The long range farm bill hastily passed during the closing days of the last session of Congress will not adequately safeguard the interests of agriculture, and it will take a strong organization of farmers in this Nation to secure necessary amendments to this bill at the next session, the Federation president emphasized.

Plans for the Farm Bureau's Fall Membership Round-Up will be discussed, and an added feature of the district meeting will be selection of a district Farm Bureau queen to participate in the State Queen Contest to be held during the state convention.

Texas Farm Bureau's membership goal for 1948 is 60,000.

T. C. THOMPSONS HONORED BY FIRM'S EMPLOYEES

Mr. and Mrs. T. C. Thompson were honored by the employees of Thompson Hardware Company Tuesday evening when they were honor guests at dinner served in the Coronado Lodge at Palo Duro Park. The dinner was a joint birthday party celebration for the couple.

Twenty-two persons were present.

The chief deliberative body of the Presbyterian Church is the General Assembly.

One ton of coal is equivalent to four barrels of fuel oil for fuel purposes.

Exchanging visitors were: Charlene Friemel with Joyce Friemel, Annie Koch with Alice Westhoff, Marcell Fischbacher with Gerald Beckman, Evelyn Irlbeck with Elaine Batenhorst, Elsie Artho and Margaret Frische with Ottilia Fischbacher, Jimmie Jansen with Johnny Beckman, Mary Fischbacher with Elizabeth Ann Beckman, Melvin Prizlas with Lewie Raef.

Lions Club Hears Talk By Blasdel

Mr. Sherwood Blasdel, of Canyon, guest speaker for Thursday meeting of the Lions Club, gave an interesting discussion of Business Conditions and economic possibilities of European Countries. Recently Mr. Blasdel visited the countries of Britain, France, Belgium, Holland and Switzerland with a group of students from the University of Vermont. They spent 3 weeks making field trips through these countries. During the time they also heard numerous lectures by prominent industrial leaders of Europe.

Mr. Blasdel stated that if the Marshall Plan was to be entirely successful abroad it will be necessary for these foreign nations to stabilize currency; balance their budgets; increase production; remove trade barriers and to develop the colonies.

At the present time capital investment is needed and replacements of obsolete equipment is essential. In his opinion until peace and order are restored and present conditions adjusted in Germany, it is impossible for an economical recovery in Europe.

Welcomed back to the club was Lion Houston Bright.

Visitors present were: Billy Cox, Canyon; Dadley Bayne, Canyon; Willard Lindsey, Dingle, Idaho; Alvin Carter, Ogden, Utah; Dr. C. A. Pierle, Canyon, Harrold Black, Canyon; Dr. R. C. Busteed, Canyon.

The fellow who used to walk a barbed wire fence barefoot with a wildcat under each arm, is now married to a little red-headed woman who makes him do the dishes three times a day.

Thaddeus Fairbanks, an American inventor, began the manufacture of plows and stoves in the United States in the year 1824.

Pity those who have no children. The only way to be sure of friends in your old age is to raise your own.

Man is the only animal that blushes, or has need to.

Most things a fellow waits for are not worth the delay.

'THE AMERICAN WAY'

My, How It Grows!

OPA Is Hopeless Without Control Wages, Material

Could prices be effectively held down by another OPA? One of the best known experts in the field of retail merchandising recently answered that question in these words: "Price controls per se are futile without rationing and controls over even wages, raw materials, exports, plus all of the 'musts' that add up to a completely planned economy. As to the kind of an OPA that functioned under Mr. Chester Bowles, virtually every merchant in the country will testify that this resulted in artificial shortages, decreased production, quality deterioriation and black markets. The sum total was higher, rather than lower, prices to the consumer."

Price control can be even reasonably effective only in a police state in which everything that enters in any way into the prices of goods is controlled, lock, stock and barrel by the government. Then we have a completely regimented economy—and we soon must have a system of government which works by coercion, force and, in the ultimate stages, by terror and oppression.

Everyone can remember what happened under the postwar OPA. The legitimate merchants, from the little one-man store to the biggest national chain system, were always short of goods. They had to stock inferior qualities in many cases because nothing else was available. The black market, on the other hand, was a shoppers' dreamland—for those few who could afford its prices. Everything was available to the tiny minority which didn't care what it paid for what it wanted. Very little was available to the rest of us.

A return to price control would create more problems, and far more serious problems, than those we are now dealing with.

The wild boar of India attacks without provocation—as does the tame boar of America.

The first watch used was called a "portable clock."

23rd Year | Published by The Canyon News for Canyon High School | Thursday, October 7, 1948

Travis Payne Is District Officer

Travis Payne, agriculture student of Canyon High, was elected secretary of the Hereford District, at the regular meeting held Tuesday.

Mr. Lloyd Devin, adviser of the Canyon chapter, accompanied by Jerre Inman and Travis Payne were FFA representtives.

At the opening of the meeting, officers were chosen for the coming year. They are: President, Johnny McBroom of Hereford; Vice-president, Bill Delashaw of Bovina; Treasurer, representative from Dimmitt; Reporter, Terry Magness from Farwell; Sentinel, Joe Fallwell from Friona.

Among the decisions made at the meeting, was the plan for a Farm Demonstration and Junior and Senior Chapter Contest to be held in Canyon, December 11, 1948 which will include a judging contest on dairy cattle, public speaking, an FFA Quiz, and a crop contest.

Grade Notes

Carroll Adams was absent from Mrs. Collins' first grade, last week, with pink-eye.

George Louder and Stanley Wesley were both absent Thursday from Mrs. Black's first grade, due to illness.

Sondra Price, grade 2, moved to California.

Katherine Davenport of Mrs. A. K. Goodman's third grade, was out to attend the memorial funeral, at Clarendon of her uncle, Woodrow Davenport, last week.

The students in Mrs. Brasher's fourth grade are taking an imaginary trip across the United States on the Lincoln Highway.

Mrs. Cousins' fourth grade pupils are studying a safety unit in their New Science Workbooks.

Several grade 4 students attended the Ringling Brothers Circus Thursday night in Amarillo.

The following officers were elected in Mrs. Jones' fifth grade: Ruby Jo Yarber, president; Charles Brasher, secretary; Jerome Edwards, reporter; Diane Prichard, chairman of flowers; Nancy Root, chairman of museum.

Fire monitors were elected in Mrs. Walsh's fifth grade. They are: Ray McCarter, leader and Ralph Miller, window monitor.

Marvin Tucker withdrew to move to Borger.

HIP! HIP! HOORAY!

Well, here it is football season again. As you know a pep squad is being formed to let our team know we are behind them, but solid! After all, what's a football game unless there are lots of supporters to let our opponents know we mean everything we say! Of course you know it is your responsibility to give your energies to make this pep squad better than ever before. There are four very capable leaders to lead you, so c'mon, gang, let's all get in there and make the yells heard "round the world."

Janey Forester rode in the parade in Amarillo Monday morning as a representative for the Southwest Willis Company.

Mrs. W. E. Miller Will Lead 48-49 Parent-Teachers Meetings

Mrs. W. E. Miller will preside at the first Parent Teacher's Meeting of the school year, next Thursday at 3:00 p.m. in the school cafeteria.

Eight meetings will be held during the year on the first Thursday of each month and are based on the National Program. At the first meeting members will learn about the plans for the year's work.

At the meeting in November, Mrs. H. S. Gadeke, a member of the State National Board, who lived in Lubbock will be one of the speakers. The other is Mrs. J. C. Alexander of Amarillo who is district P.T.A. president.

Bond Addresses CHS Teachers

Miss Dorinda Bond, teacher of journalism in Amarillo High School addressed the Canyon Classroom Teachers in their first meeting of the year last Tuesday evening in the home economics classroom.

Miss Bond, a former teacher in CHS, discussed her work in the National Education Association.

The executives of the Classroom Teachers' Organiztion met Thursday afternoon to discuss plans for the year. Officers of the group include Mrs. A. L. Walsh, president; Mrs. T. E. Beard, program chairman; Mrs. R. E. Ball, membership chairman; Mrs. Dan Usery, secretary; Mrs. L. M. Cousins, social chairman; Mrs. John Davis, legislative chairman; Mrs. R. B. Davis, public relations chairman; and Mr. Perry Bell, treasurer.

"All teachers are urged to attend these meetings," says Mrs. Walsh.

Mr. J. A. Barnett Will Guide Freshmen For Coming Year

Mr. J. A. Barnett will serve as adviser to the freshman class this year. He was elected last Wednesday. Four people are nominated for Student Faculty Congress. They are Dorothy McReynolds; Charles Donnell; Jack Bonds; and Virginia Rigsby.

The class re-elected cheerleaders due to the resignation of Landon Barrett and Houstene Prichard. Newly elected is Patty Ford and Ruth Parker, cheerleader and alternate, respectively.

The class will pay seventy-five cents dues this year in order to finance parties, picnics and other affairs.

Mrs. Marie Cox, part time secretary for Mr. E. A. Wooten at the beginning of the school year, has resigned and is now working at Britain's Studio.

Repeated heating of iron increases its hardness.

Lunchroom Gives New Comforts

Canyon's new lunchroom has an attendance of approximately 400 each day. The building, located between the grade and the high school, is spacious with its 50 by 75 feet area. It has recently been refinished, has fluorescent lighting and is equipped with an electric cooling system for warm weather and will soon have steam heating for winter. It also has 29 tables and can seat 300 diners in noiseless chairs comfortably.

In the future it will serve as an entertainment center for school banquets, parties, and dances.

The large kitchen is equipped with a stove approximately 15 by 6 feet in area, a large refrigerator, a special dishwashing room, and two steam tables which keep food warm.

Meals cost 25 cents and consist of meat ,or a meat substitute, two vegetables, salad, stewed fruit, cake, milk, bread and butter.

Women who assist in the lunchroom are Mrs. J. H. Lisle supervisor since the opening of it three years ago; Mrs. Gene Peppard, Mrs. Bernice Laughery, Mrs. R. T. Furlow, and Mrs. Elmer Mickey.

"When we had the lunchroom upstairs in the high school building with crowded conditions we maintained an "A" rating. Now we should pass the test with flying colors. Needless to say we are enjoying the change to larger and more modern quarters," says Mrs. Lisle.

Hollabaugh Begin Work for Year

I. H. Hollabaugh, custodian of CHS for the past six years, returned to work today after an extended absence due to illness.

Mr. Hollabaugh underwent two major operations in St. Anthony's hospital in Amarillo on the second and the fifteenth of September, respectively.

Mr. Robert Wallen has been substituting in Mr. Hollabaugh's absence, assisting the two other custodians, Mr. Carl W. Smith, and I. M. Steen in keeping the buildings and grounds in order.

"I've been missing the students," Mr. Hollabaugh volunteered, "Now, I'm happy to be well and back in the line of duty."

Davis and McDuff Will Head Senior Class for the Year

Donald Davis will be president of the senior class for the following year, as elected in a senior class meeting, Friday, October 1. His fellow officers will be Gerald McDuff, vice-president; Wanda Jean Edwards, secretary; Dorothy Butler, treasurer; and Betty Schultte and Don Hickman, S.F.C. representatives.

After electing officers, the seniors discussed plans for their party to be held last Monday night in the New Cafeteria.

Mary Ann Wheelock, 2 year old daughter of Coach and Mrs. R. D. Wheelock, swallowed several aspirins Tuesday. Mrs. Wheelock found the baby with the bottle and called the doctor who gave the child an emetic. Mary Ann has not entirely recovered from the adventure, but no doubt will regain her former vigor within a few days.

FACT FABLE

Once upon a time there was a woman very active in social affairs, and she found it useful to join the largest church in her city. But she didn't find the time to attend church very often—only on Christmas and Easter Sundays. Finally this woman passed away, and when she knocked at The Gate, St. Peter said: "Are you sure you're at the right place? You didn't go to church very often on the Earth."

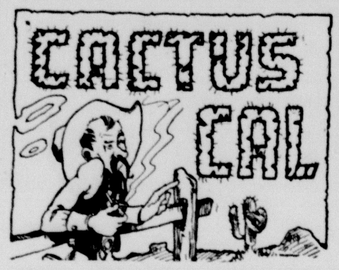

She sobbed, "Well, I always went on Christmas and Easter."

"Very well," replied St. Peter, "You can spend two days in Heaven and the rest of the year in the other place."

Moral: You can't go in two directions at the same time.

It is a very general notion, largely the result of propaganda, that Georgia soils were impoverished by the growing of cotton. Actually, cotton does not impoverish the land if good farming practices are adopted. —Tom Linder, Georgia Agriculture Commissioner.

There can be no ownership of the air, a Southern judge has ruled. Good! So nobody can clasp a meter on us for breathing.

Hi you gang! Here's your old Cactus Cal back with a little of that old Campus Chatter. So, lend your ear and listen to the tale of Canyon High trail.

What's this we've been hearing about Florence Alexander and the carload of admirers?

Mr. Jack Barnett seemed to be having a pretty good time at the show the other night! What is her phone number—Hey?

Somebody said that Carl Hair and Dora Ann Amerson are going steady. I'll find out and let you know for sure.

Richard Walters and Janey Forester seemed to be re-newing old acquaintances the other night. Where does Austelle Burrus come in to the picture?

Here is a young foursome: Don McDonald and Barbara Glanton; Clyde Root and Carlene Rogers.

Ava Dooley and Albert Craig looked as if they were having fun after the ball game, Friday night.

Someone suggests that Mr. McMahan park his car behind the school house. It will cause a lot less confusion.

Students Attend Tri-State Fair

"Come all ye kids, young and old alike. Let's go to Amarillo!" Yes, that was the chant made through CHS last Monday afternoon when school was dismissed for the Tri-State Fair.

This is the first time that the students have been allowed to miss school to attend the Fair. Monday, the first day, was also probably the best one for the students to attend since all the exhibits were new.

School was dismissed at 11:45, and buses ran to accomodate the country children. No lunch was served in the cafeteria.

"We were glad to have all the boys and girls use the opportunity given to attend the Tri-State Fair without missing classes. Parents are urged to cooperate with us during the week to prevent students getting behind unnecessarily in their school work," was a statement issued by Mr. J. E. Miller.

Pep Rally

Torches and cheers preceded the CHS band and pep squad as they marched down town for the first pep rally of the year. The pep squad, led by Mary Sue Foster, Sue Jennings, Barbara McDougal, and Patty Sue Ford, cheerleaders, before the Olympic Theater started the rally by singing the school song and giving numerous yells. The band played as the group marched on to the Varsity Theater to continue with the celebration.

"The group was received royally by the citizens, and from all indications, the rally was a very successful venture," says Mr. Herman Demus, band director who sponsored the rally.

Things we stub our toes on today are ones we laid around carelessly yesterday.

F.F.A. Chooses New President

Jerre Inman will be the new president of the local F.F.A. chapter for the coming year. He was elected at the regular meeting, Monday, September 27. Jerre is a senior this year, he plays end for the football team, he is taking fourth year agriculture, and is a chapter farmer.

Other new officers are: Travis Payne, vice president; Don Hickman, second vice-president; Bruce Winn, third vice-president; Donald Davis, secretary; Bryce Slack, reporter; Leo Erwin, Sentinel; Albert Craig, parliamentarian; James Inman, historian and Robert O'Donold, song leader.

The F.F.A. chapter is sponsoring an educational exhibit at the Tri-State Fair, titled "Save More Pigs."

Regular meeting night is the second Monday in every month.

First Year Homemakers Are Hosts to Nursery Children

If you saw some two-year olds going to high school Thursday and Friday, they were not child proteges, they were simply attending the home making play school. As a climax to a study on child care, the freshman homemaking classes conducted a play school Thursday and Friday in the homemaking department. The girls were especially interested in this unit, since many of them have small brothers or sisters, and others are called upon to do some "baby-sitting". Responsibilities of caring for small children were emphasized in this study. Suitable stories, movies, and radio programs for different age levels were discussed. Other subjects studied are art, music, behavior habits, toys, and play. The girls learned that little children are individuals and should be treated as such.

The play school was run on a schedule for each age group. 29 children from two to five years of age attended. Play periods and story periods were most popular. The children's reaction to music was also interesting to the homemaking girls.

Refreshments of animal cookies and orange juice were served to the following children:

Celia Petri, Cathy Robbins, Marie Dillan, Charles Gouge, Sally Jennings, James Thomas Jennings, Alfred Funston, Lucinda Shreve, Albert Keller, Trudy Mae Johnson, Johnny Gressett, Bradford Lee Golf, Caroline Ann Glazner, Gary Thurmon, Robert Lloyd Devin, Sue Fife, Ronnie Barnett, Robert Ray Rogers, Bobby Bellah, Patricia Gidden, Shirley Ann Prichard, Sally Kay Tippery, Mitchell McAtee, Johnny Wayne McDuff, Alexis Ann Wooten, Jim Mike Wooten, and Linda Dixon.

Weidner vs. Martin

Fight! Fight! These words spread like wild-fire during the noon hour Wednesday. It seems as if a couple of the boys in the lower grades of old Canyon High School were getting tired of the regular routine of school. At least that's what it looked like as they emptied their pockets of candy, pocket knives, and other various objects, and went together in the alley behind Price's grocery store.

The brawl wasn't very vicious and the weeds they were lying in looked as if they might be harder on the boys than the few blows exchanged. It seemed as if one of the senior boys had had some experience at the ordeal, for it didn't take long for the future Joe Louis' to mingle with the crowd when Mr. Barnett, one of the new teachers in Canyon High, arrived upon the scene. I don't think he knows yet who the young lads were!

English Students Are Writing Themes on Fire Prevention

English students of Canyon schools are writing fire prevention themes this week, as required by the State Department. Eighth, tenth, and twelfth grades will participate.

The motive is to impress upon the students' minds the ways to prevent waste of property and life by fire.

This year, also, the Fire Insurance Division of the State Board of Insurance Commissioners, Austin, Texas, announces a contest for the best fire slogan for the year. Any student of junior or senior high school may submit one original slogan of not more than twelve words. The first prize is $10; second prize, $7.50; third prize, $5; fourth prize, $3.50; and the next best twelve, each, $2.

Students in all free schools are to be drilled on what to do in case of fire.

Miller Re-organizes Math Department

Math classes of Canyon junior and senior high are re-organized for the coming year by Mr. J. E. Miller, principal.

Mrs. A. K. Knott is teaching Algebra only this year. She has four sections of Algebra one and two, having one in the morning and two in the afternoon.

Two sections of Plane Geometry and one section of General Math and Algebra are taught by Mr. Jerry Jacobs.

Classes other than Science taught by Mr. J. A. Barnett include one section of Algebra one.

Mrs. Ed Weeks teaches all of the seventh and eighth grade mathematics. Although some of the lower classes are a little large, most of the upper classes are not overcrowded.

"The seventh and eighth grades give promise of doing exceptional work this year. I am hoping to send some splendid math students into high school next year," says Mrs. Ed Weeks.

Friday night at 8 o'clock the Eagles tangle with the Tulia Hornets at Buffalo Stadium. Last year tehy met twice with Canyon coming out on top each time. The first game was 13-6 and the second 12-0.

Manhattan island contains 22.24 square miles.

Red Cross Organizes CHS Junior Chapter

Plans are being made to organize a Junior Red Cross chapter this year in Canyon High School. Their activities will include filling gift boxes, corresponding with foreign schools, helping with campaigns for various benefits and numerous other worthwhile projects.

Two members of each high school class will be elected to the Junior Red Cross council who will plan and promote projects for the club. Two CHS members will be elected to meet with two members from W.T. High. They will compare notes and give ideas for improvements of the clubs.

The first activity of this club will be the starting of a membership drive in November. Mrs. Nora E. Gilmore will serve as CHS chairman.

The worst March wind we ever saw was telling about his golf score.

Canyon's High Soaring Eagles Ride Clarendon Broncs for 18-12 Win

Coach R. D. Wheelock's Eagles downed the hard fighting, pass throwing, Clarendon Bronocs Friday night by a score of 18-12. The first quarter was played on Canyon's end of the field, due to fumbles by the Eagles. Canyon failed to gain a first down and Clarendon took over on Canyon's 12 yard line but were unable to score against the strong defense put up by the spirited Eagles. The quarter ended with the score 0-0.

The first tally of the game was made during the second quarter when QB Joe Abbott tossed a 35 yard pass into the waiting arms of Richard Walters, Back, who had worked his way behind Clarendon's secondary. Albert Craig's attempt at the extra point was blocked.

Jimmy Lindsey, tackle, kicked to Clarendon and the remaining portion of the quarter was played on Clarendon's end of the field.

Richard Walters scored again, this time from his own 10 yard line during the third quarter. Albert Craig's attempt at conversion failed. Again Lindsey kicked. Clarendon lost the ball on downs only to regain it when Canyon fumbled on their 20 yard line. The Broncos opened up with a passing attack that gave them their first tally with FB "Parley" Bulman receiving the toss from Jimmy Jenkins.

The try for the extra point failed.

Canyon took the ball on the kickoff and started marching down the field behind excellent blocking on the line. Walters fumbled on the 10 yard line but Bruce Winn, end, picked it up and ran over with it to give Canyon a lead of 18-6. Albert Craig's pass for the extra point was incomplete.

During the final quarter the air was full of passes. Clarendon moved down the field with their attack to set themselves up for their final touchdown. They started on ground plays and finally made the necessary yardage for a touchdown against a hard-fighting Canyon line. The attempt at conversion was no good. The game ended with the ball in Canyon's possession on their 35 yard line.

Canyon gained 136 yards rushing with 24 yards for Clarendon. Canyon attempted 6 passes and completed 4 for a total of 83 yards with Clarendon trying 23 and completing 10 for a total of 152 yards. Canyon received 3 penalties for a total of 25 yards and Clarendon received 3 for a total of 35 yards.

You'll want the proper announcements or cards for it. You'll want them worded correctly, printed perfectly, on fine quality paper stock. We're ready with the answers to your questions, the experience, and the equipment to serve you well.

Revivals Will Start in Canyon

REV. G. C. SHURMAN

MRS. G. C. SHURMAN

Weigh well any extra hard knock you get. It might be opportunity.

The leading industry of Danbury, Conn., is the making of hats.

Canyon Churches Announce Revivals

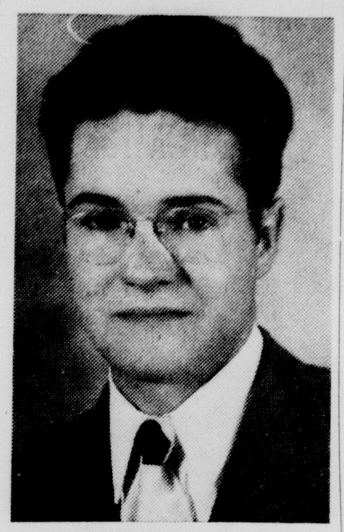

Four churches of Canyon, the Assembly of God, the Baptist, the Christian and the Methodist, have announced simultaneous revival services, October 13-24.

W. J. Phelps, pastor of the Assembly of God, announces that preaching during their nightly meetings will be done by two local young men, Bob Goodwin and Jack Mucky.

At the Baptist church, Pastor Roy L. Johnson announces that Evangelist John Osteen of Amarillo will begin the meeting, preaching twice daily at 10:00 A.M. and 7:45 P.M. Music will be directed by George Stokes of Plainview, former worker at the local church during his college days at W.T.

Pastor Weems Dykes of the Christian church announces that Rev. G. C. Shurman, State Evangelist for Christian Churches of Texas, and former pastor in Minnesota, Missouri and Iowa, will be the preacher for their services each night. Mrs. Shurman, Conservatory graduate and experienced director, will have charge of the music for the meetings.

Services at the Methodist church will be at 10:00 A.M. and 7:30 P.M. Daily, according to announcement by pastor Hubert Thomson. The visiting evangelist will be Rev Jordan Grooms, pastor of the Methodist church at Levelland. Music will be under direction of Glenn Truax, local choir director.

The soil of Kentucky is well adapted to agriculture.

Truman Is Only Democrat Full of Hope in Nov.

President Truman's worst enemy couldn't accuse him of pessimism or lack of confidence when it comes to his political future. All the polls indicate that he is due for the worst beating at the polls received by an incumbent since Herbert Hoover. Some of the top Democrats are showing a remarkable disinterest in the national campaign, and are busying themselves mending fences at home. The Democratic national committee seems to be giving more effort to trying to hold its own in Congress than in electing the President. The revolt of the Southern Democrats, who are backing Governor Thurmond for the Presidency, may, in the view of some, take as many as 35 Deep South electoral votes away from Mr. Truman. Henry Wallace is obviously cutting to some extent into the Democratic ranks in the big industrial areas, where the party has had its main strength since 1932. And, finally, Mr. Dewey has found enthusiastic audiences wherever he has gone down the long campaign trail.

Yet, in spite of all this, Mr. Truman clearly feels that the battle is not lost, and that he can win. He has said time and time again that he will continue in the White House for four more years, and those who are in a position to know say he believes that literally. He is staking his cause on going personally to the voters—and so, for that matter, is his opponent. As a result, the two major candidates will do more traveling this year than any have since the use of radio became general. It is strictly a grass roots campaign.

The President's strategy is clear and simple. He was a middle-of-the-road Senator, who followed Mr. Roosevelt's leadership as a matter of party loyalty—he has always been a conservative and less impetuous than his predecessor. Now, however, he has moved definitely left of center. He has accepted practically all the New Deal ideas, and added a number of his own. Congress, he says, is controlled by "Eastern Republican mossbacks" who play along with the special interests. In California, he said it is necessary to elect a Democratic President and a Democatic Congess to keep the county from "going to the dogs." In another brief talk, he referred to the present leaders of Congress as "those birds." He favors, on specific issues, such projects as compulsory government health insurance, wide spread government development of power, price control along something resembling the OPA pattern, and other policies which, no matter what can be said for and against them, would certainly expand the authority of the central government over the lives and the resources of the people. He appeals to labor by advocating the complete repeal of the Taft-Hartley law, and by calling the Republican Congress an anti-labor body.

Mr. Dewey, of course, stands pretty much on the opposite side of most of the big domestic issues. Where Mr. Truman says that the last Congress was the worst in American history, Mr. Dewey says it was one of the best and endorses its record. He, like other GOP strategists, argues that the Taft-Hartley law is a protection for legitimate labor and its unions. He believes that a resumption of price control would lead to a police state, and that the Truman policies in general are a threat to the freedom of Americans. Only on the subject of foreign policy are the two candidates in general agreement. Whichever one wins, the broad principles underlying that policy—such as multi-billion dollar aid to Europe and firmness in our dealings with the Soviet Union—will be continued.

One interesting facet of the Dewey campaign is his emphasis on better administration of the government—on getting necessary jobs done with less confusion, for less money, and with a smaller number of employes for the taxpayers to support. Here, in the view of many objective reporters of the national scene, he is on firm ground. Some of Mr. Truman's friends, even, admit that he has made bad appointments to fill critical jobs on the high-policy level, that he has made little effort to cut down the overlapping Federal bureaucracy, that he has often issued statements that were in cofnlict with those of members of his own family, and that he has shown only a modest gift for organization and administration.

On the other hand, Governor Dewey's whole public career, from his gang-buster days on up to Governor, has been characterized by a remarkable talent for getting things done with a minimum of fuss. He believes in teamwork, and at Albany he has surrounded himself with an extremely able group of assistants who seem to have no political ambitions of their own. It is said that no policy is ever announced until he and his advisors have thrashed it out to the last comma and everyone agreed to it. As a result, there are no conflicts of policy and position within the Dewey circle. If he is elected, these assistants, for the most part, will undoubtedly be given Cabinet and other top Federal jobs.

Practically everyone in the country will have a chance to see and hear one or both of the major candidates before election day comes. No one, regardless of his taste in issues, can say that there is any lack of fight on either side. Both of the men have an abundance of energy and conviction and they are playing for keeps.

Community Has an Interest in Fire Prevention

Every community in the country, the National Board of Fire Underwriters points out, should have an active fire safety committee, working on a year-round basis.

The committee, if it is to be successful, must have a chairman with energy, enthusiasm, and proved leadership ability. Its membership should be drawn from all elements in the community — churches, hospitals, industrialists and labor unions, service clubs, theatres, veterans' organizations and the rest. And its duties should run the gamut of fire hazards, from ineffective building codes to the existence of fire traps that need to be condemned.

A considerable number of committees of this nature have been formed and are now at work. There is no better way to bring home to the people of any town the danger that fire presents to them—along with easily understood instruction on how to make property safe. Fire prevention, after all, is basically a local matter. Every community has its own special problems. National and state fire safety organizations are doing a splendid and essential job—but they can't individually cover every village. And that's where the local committees enter the picture.

Organized fire prevention work is reaching a peak of activity now, as a result of our record fire waste. More and more thought is being given to stopping fire than ever before. And a local fire safety committee in every community, no matter how small its population, is a vital element in the campaign against one of the greatest destroyers of life and property.

Davenport, Iowa, located on the Mississippi river, is an important railroad and shipping center.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BL THE ACT OF CONGRESS OF AUGUST 24, 1912 AND MARCH 3, 1933.

Of The Canyon News, published at Canyon, Texas, County of Randall:

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared Clyde W. Warwick, who having been duly sworn according to law, deposes and says that he is the publisher of The Canyon News, and that the following is, to the best of his knowledge and belief, a true statement, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations printed on the reverse of this form, to-wit.

That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Editor, Managing Editor, Business Manager, Clyde W. Warwick, Canyon, Texas.

That the owners are: Clyde W. Warwick and Arthur C. Haley, Jr., Canyon, Texas.

That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: NONE.

That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months, preceding the date shown above is 1683.

CLYDE W. WARWICK.

Sworn and subscribed before me this 1st day of October, 1948.

(Seal) JEWEL S. TABOR,
Notary Public.

Big Auction Is Planned of Land Located at Happy

Texas celebrity I. C. Little is making news again. The Dallas man who built Uncle Sam's "Big Inch" and "Little Inch" pipelines will stage a big auction party in Happy, on October 21, 22, and 23. Chuck by John Snider, barbecue king, will be "on the house" as will entertainment by "Rip" Ramsey and his Western Ramblers. Mammoth auction will sell 4,000 acres of the West Texas and Panhandle lands of Mr. Little.

Efforts to concentrate more of his time on his pipeline interests dictate Mr. Little's sale. Visionary in his farming and grazing operations, as in his building pipelines across the great continent of North America, Mr. Little believes in the potentialities of West Texas and the Panhandle- and will retain interests here.

South and west of Happy, in Castro County, a tract of 3,200 acres, irrigated by four large wells, is offered. To be auctioned also are 800 Swisher County acres south and east of Happy (tract with three large irrigation wells).

Modern houses, barns, granaries, orchards, corrals and other improvements are features of each tract.

John L. McCarty, Amarillo public relations counsel, has charge of the arrangements.

ROYCE GUM HONORED WITH OVER-NIGHT BIRTHDAY FETE

Royce Gum was honored on his tenth birthday when Mrs. L. E. Gum entertained a group of his friends to an over-night party on Friday night.

Friday evening a weiner roast was given. The birthday cake and ice cream were dessert at high noon on Saturday.

Those enjoying the occasion with Royce were: Charles Neblett, Wilford Taylor III, Dee Zane Pond, James Craig, Larry Brandon, James Mond, Jack Metcalf and Curtis Stroup.

Ten inches of snow equals in water content, on the average, about one inch of rain.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 4, 1923)

Rev. Lyn Claybrook accepted a call to the pastorate of the local Baptist Church. He spent a week in Canyon, and wired his acceptance after returning to his home in Tennessee.

Maurice Crain left for Dayton, Ohio, where he accepted a position on a daily newspaper.

Miss Anne Bailey and Virgil Moore were married. She was a former member of the college faculty.

O. E. Grimm bought the Casey Cafe.

The Buffaloes opened the football season by defeating Panhandle A. & M. of Goodwell 100 to 0.

Charles Keffer, a West Texas ex, joined the Madden, Trulove & Pipkin law firm in Amarillo.

Legion Auxiliary Will Install Monday Night

On Monday evening the American Legion Auxiliary of Palo Duro Post No. 97 will meet in regular session to install officers for the new year.

Officers to be installed are: President, Mrs. Wm. Brune; vice-president, Mrs. Gladdis Samples; Secretary, Mrs. Ruth Shero; treasurer, Mrs. Ruby Reid; historian, Mrs. H. E. Campfield; sergeant at arms, Mrs. Grace Knighton; chaplain, Mrs. E. C. Penick.

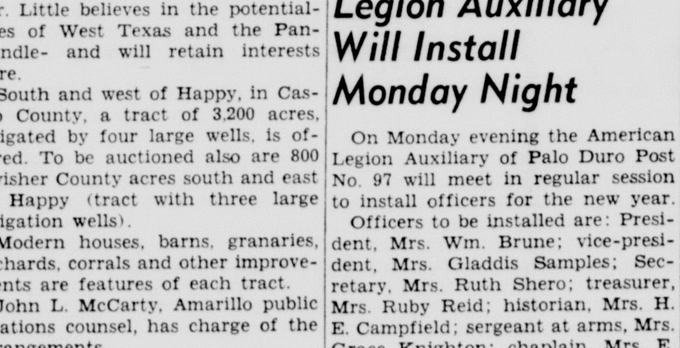

All members are urged to be present.

In accepting the Republican nomination for President, Rutherford B. Hayes announced that he would not be a candidate for re-election.

Jean Nicolet was the first white man known to have set foot on the soil of what is now the state of Wisconsin.

More than three million persons in the United States are directly dependent upon the coal industry for their living.

Bituminous coal constitutes one of the largest single items of traffic on the railroads.

He can't duck

A bird can move before you pull the trigger, but a telephone wire can't duck. Last year, 2,500 wires were broken by stray bullets.

That's why we're asking all hunters not to shoot at birds on telephone wires or poles. One stray shot may break several long distance wires and interrupt important calls.

SOUTHWESTERN BELL TELEPHONE CO.

Layman To Speak On Baptist Hour

W. Maxey Jarman, prominent Baptist layman of Nashville, Tennessee, will be the speaker on "The Baptist Hour" Sunday, October 10th, at 7:30 over KGNC and seventy other stations across the South. His subject will be "With Christ in Business."

Mr. Jarman is not only head of a multi-million dollar shoe business, but finds time to attend many religious meetings, and is chairman of deacons at his home church in Nashville, and a Vice President of the Southern Baptist Convention. It is estimated that at least a million men and boys will be in his listening audience Sunday morning. The program is sponsored by the Radio Commission of the Southern Baptist Convention.

"I would respect the rights of all other nations, demanding equal respect for our own." Ulysses S. Grant.

The coal resources of the state of Wyoming are said to be greater than those of any other state.
